DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with this label.

To control cockroaches, ants and silverfish, apply liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs. Into openings around drains, sewers, manholes, water pipes and electrical conduits; in cracks and crevices along baseboards and in corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom drawers and closets of drawers, then scatter liberally in drawer voids.

Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of food and foodstuffs.

Directions for Applying in New Construction to Control Cockroaches. When treating large areas, such as wall voids, soffits and subcabinet voids in new and existing construction, dust liberally using the fine application equipment.

BEST DOCUMENT AVAILABLE

This product may be used in homes, restaurants, and other food and feed handling establishments, strictly for cockroaches, ants, silverfish, and silverfish. Do not use in homes, factories, schools, hospitals, offices, stores, warehouses, garages, and other places where children and animals are present, and where food, feed, or other products are handled, stored, or sold. Do not use in areas where food, feed, or other products are handled, stored, or sold. Do not use in areas where food, feed, or other products are handled, stored, or sold.

First Aid. If swallowed, induce vomiting. If in eyes, flush with water. If on skin, wash with soap and water. If on clothing, remove clothing. If on food, remove food. If on feed, remove feed. If on other products, remove products.

Do not use in areas where food, feed, or other products are handled, stored, or sold.

Apply on small areas of cockroaches, ants, silverfish, and silverfish. Apply on small areas of cockroaches, ants, silverfish, and silverfish. Apply on small areas of cockroaches, ants, silverfish, and silverfish. Apply on small areas of cockroaches, ants, silverfish, and silverfish. Apply on small areas of cockroaches, ants, silverfish, and silverfish.

(CONT.) FROM, BACK OR SIDE PANEL

Care should be taken to avoid depositing the product onto exposed food and feed processing, preparation and serving surfaces or introducing the material into the air. Avoid contamination of food or feed processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOLLOWING AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CACK AND CRACK TREATMENT, ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains (to sewer entries and vestibules), attics, locker room, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling.)

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, locker tables, tables and other areas where insects hide or through which they may enter.

(2) SPILL

Do not use except on floors, walls, and other surfaces where spillage

has occurred. Follow directions on label for application. Do not use on food or feed processing, preparation and serving surfaces, or on exposed food or feed. Do not use on food or feed processing, preparation and serving surfaces, or on exposed food or feed.
