- d. For storage stability, you must submit the results of analyses for the active ingredients from three production batches of your product. Test the product at the beginning when freshly prepared, and at monthly intervals for a period of 1 year under storage conditions similar to those to which the product will be exposed during marketing and distribution in channels of trade, and during use. You cannot reference storage stability data for a concentrate or intermediate which you use as a source of the active ingredient contained in your product.

On an interim basis the Agency will accept the results of an accelerated storage stability study conducted with your product. Submit the results from three batches maintained at 50 °C and analyzed at the beginning, and at 30 and 60 days.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

### PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

#### CAUTION

Keep out of reach of children. Harmful if swallowed. May be absorbed through the skin. Avoid contamination of food and feed. Avoid inhalation of dust. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling and before eating or smoking.

### STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water, and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.
- IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.
- IF IN EYES: Flush eyes with plenty of water. Call a physician immediately.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on label.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

General Information: Do not apply where children are likely to come in frequent contact with treated surfaces. Do not contaminate food, food containers, or cooking utensils.

Before using Diazinon 2D, read and carefully observe the warning and notice statement and all other information appearing on the product label.

Cockroaches (Waterbugs): Dust thoroughly all areas where roaches crawl and hide. Dust around waterpipes, in cracks and crevices, under and behind cabinets, refrigerators and sinks.

Ants and Silverfish: Dust thoroughly areas around waterpipes, in cracks, under and behind cabinets, refrigerators and sinks, and around doors, windows and bookcases.

Carpet Beetles: Dust along baseboards, under carpeting, rugs, furniture and wherever these insects are seen or suspected.

Spiders and Scorpions: Dust around windows, doors and along baseboards. Make spot applications to surfaces over which these pest crawl, particularly in crawl spaces under houses or buildings.

#### STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

#### CONTAINER DISPOSAL:

**For plastic containers:** Triple rinse(or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**For paper Bags:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed, by state and local authorities, by burning. If burned, stay out of smoke.

**PESTICIDE STORAGE:** Store in a cool dry place in such a manner as to prevent cross contamination with other pesticides, fertilizers, food and feed. Store in original container out of reach of children. Handle and open container in a manner as to prevent spillage. If material is spilled for any reason or cause, carefully sweep material in to pile. Dispose of pesticide as directed above. Refer to precautionary statement on label for hazards associated with the handling of this material.

#### IMPORTANT

Seller's guarantee shall be limited to the terms of this label, and subject thereto, the buyer assumes any risks to persons or property rising out of the use or handling and accepts the product on these conditions.
