Hi Yield General Purpose Insect Spray

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals

CAUTION

- May be harmful if swallowed, inhaled or absorbed through the skin
- Avoid breathing of spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs.
- Food utensils such as a teaspoon or measuring cup should not be used for food purposes after use with insecticides.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
- If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.
- If on Skin: Remove contaminated clothing and wash affected areas with soap and water.
- In Eyes: Wash eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams and ponds. Do not apply where runoff is likely to occur. Do not apply when weather favors drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply when bees are actively visiting the crop, cover crop or weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.
