

PRECAUTIONARY STATEMENTS

**HAZARD TO HUMANS
(& DOMESTIC ANIMALS)**

CAUTION

Causes (moderate) eye injury (irritation). Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARD

Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of waste.

DIRECTIONS FOR USE

"GENERAL CLASSIFICATION"

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

1. PROHIBITIONS

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited. Avoid contamination of feed and food-stuff.

2. PESTICIDE DISPOSAL

Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

3. CONTAINER DISPOSAL

Dispose of in an incinerator or landfill approved for pesticide containers, or bury in a safe place.

4. GENERAL

Consult Federal, State or Local disposal authorities for approved alternative procedures such as limited open burning.

SPRAKIL SK-26 GRANULAR WEED KILLER

ACTIVE INGREDIENTS:

Tebuthiuron 1-(5-tert-butyl-1, 3, 4-thiadiazol-2-yl)-1, 3-dimethylurea 2.0%

*Equivalent to 2.5% Spike R80W. Spike is the registered trademark of Tebuthiuron, Elanco Products Company, a division of Eli Lilly and Company.

Diuron 3-(3, 4-dichlorophenyl)-1, 1 dimethylurea 6.0%

INERT INGREDIENTS 92.0%

Total 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

AVOID BREATHING DUST

If in eyes: Flush with plenty of water.
Get medical attention if irritation persists.

See back panel for additional Precautionary Statements.

MANUFACTURED FOR

SSI INDUSTRIES, INC.
4711 PIEDMONT ROAD
HUNTINGTON, W. VA. 25704

EPA Registration No. 34913-16
EPA Establishment No. 39578-TX-1

NET CONTENTS: 50 Pounds

**NON-CROP WEED CONTROL
INDUSTRIAL USE ONLY**

SpraKil SK-26 Granular is a non-selective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas such as railroad rights-of-way and industrial areas. 150 to 400 pound applications of SpraKil SK-26 Granular per acre usually result in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type and other conditions.

SpraKil SK-26 Granular should be applied as furnished with a seed spreader, a fertilizer spreader, a shaker type applicator, or with any equipment which will distribute the chemical uniformly over the area to be treated. Application equipment is available from SSI Industries, Inc. For the control of annual and most perennial weeds and grasses, apply SpraKil SK-26 Granular at the rate of 150 to 400 pounds per acre; on smaller plots, 0.35 to 1.0 pounds per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain the best results, SpraKil SK-26 Granular should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. SpraKil SK-26 Granular may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult state agricultural experimental stations or extension service weed specialists for recommendations as to use in their particular area or write to SSI Industries, Inc.

IMPORTANT: Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Do not contaminate irrigation ditches or water used for domestic purposes. Do not use on croplands or any land to be used for subsequent cropping. Keep animals off treated areas. Do not re-use this container. Destroy when empty. Do not store near fertilizers, seeds, insecticides or fungicides.
