**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS  
& DOMESTIC ANIMALS**

**CAUTION**

May cause irritation of eyes, nose, throat and skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling.

**ENVIRONMENTAL HAZARD**

Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of waste.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

**STORAGE:**

To maximize the shelf life of this product, store in dry area where the container is not likely to come in contact with moisture.

**DISPOSAL:**

Do not contaminate water, food or feed by storage or disposal.

Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility.

(For Plastic Buckets) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(For Bags) Completely empty bag, then application equipment. Then dispose of bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

# SPRAKIL SK-26 GRANULAR WEED KILLER

**ACTIVE INGREDIENTS:**

Tebuthiuron 1-(5-tert-butyl-1,3,4-thiadiazol-2-yl)-1,3-dimethylurea) ..... 2.0%

Diuron 3-(3,4-dichlorophenyl)-1,1-dimethylurea ..... 6.0%

**INERT INGREDIENTS** ..... 92.0%

**Total** ..... 100.0%

KEEP OUT OF REACH OF CHILDREN

## CAUTION!

### STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush with plenty of water. Get medical attention if irritation persists.

If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

See side panel for additional precautionary statements.

NET CONTENTS: 50 POUNDS

### NON-CROP WEED CONTROL INDUSTRIAL USE ONLY

Sprakil SK-26 Granular is a non-selective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-crop areas such as railroad right-of-way and industrial areas. 150 to 400 pound applications of Sprakil SK-26 Granular per acre usually result in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type and other conditions.

Sprakil SK-26 Granular should be applied as furnished with a seed spreader, a fertilizer spreader, a shaker type applicator, or with any equipment which will distribute the chemical uniformly over the area to be treated. Application equipment is available from SSI Industries, Inc. For the control of annual and most perennial weeds and grasses, apply Sprakil SK-26 Granular at the rate of 150 to 400 pounds per acre; on smaller plots, 0.35 to 1.0 pounds per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain the best results, Sprakil SK-26 Granular should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. Sprakil SK-26 Granular may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult state agricultural experimental stations or extension service weed specialists for recommendations as to use in their particular area or write to SSI Industries, Inc.

**IMPORTANT:** Do not apply near valuable woody or herbaceous plants or on areas where their roots may extend, because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes. Do not use same spreading equipment for other purposes. Do not contaminate irrigation ditches or water used for domestic purposes. Do not use on cropland or any land to be used for subsequent cropping. Keep animals off treated areas. Do not re-use this container. Destroy when empty. Do not store near fertilizers, insecticides or fungicides.
