| | 34913-19 | 6-5-07 |
| | Term of Issuance: Unconditional | |
| | Name of Pesticide Product: Weed Blast 4-G Weed Killer | |
| Name and Address of Registrant (include ZIP Code): SSI Maxim CO., Inc. P.O. Box 1954 Kilgore, TX 75663 | | |
| <p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> | | |
| <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is reregistered in accordance with FIFRA section 4(g)(2)(C) provided you agree in writing to:</p> <ol style="list-style-type: none"> 1. Change the Hazards to Humans and Domestic Animals statements to "Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing." 2. To the Environmental Hazards statement add "or rinseate" after "washwasters". 3. To the label, add "Use of this product in certain portions of California, Oregon, and Washington is subject to the January 22, 2004 Order for injunctive relief in <u>Washington Toxics Coalition, et. al. v. EP</u>, C01-0132C, (W.D. WA)". For further information, please refer to http://www.epa.gov/espp/wtc/. | | |

4. Change the respirator text in the PPE section to "A NIOSH approved particulate filtering respirator equipped with N, R, or P class filter media. The respirator should have a NIOSH approval number prefix TC-84A. It is recommended that you require the respirator wearer be fit tested, and trained in the use, maintenance, and limitations of the respirator."
5. To the Conditions of Sale change "Seller's liability" to "To the extent consistent with applicable law, Seller's liability".
6. To the label add a Non-Agricultural Use Requirements Box and "The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. Do not enter or allow others to enter the treated area until dusts have settled."

Jim Tompkins, Product Manager (25)
Herbicide Branch, Registration Division (7505P)

EPA Form 8570-6

You will submit one copy of your final printed labeling before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). If you have any questions please call Erik Kraft at 703-308-9358.

WEED BLAST 4-G

Weed Killer

ACTIVE INGREDIENTS:

| | |
|--|---------------|
| Bromacil (5-bromo-3-sec-butyl-6-methyluracil) | 2.0% |
| Diuron; [3-(3,4-dichlorophenyl)-1, 1-dimethylurea] | 2.0% |
| OTHER INGREDIENTS: | 96.0% |
| Total: | 100.0% |

NON-CROP WEED CONTROL INDUSTRIAL USE ONLY

Weed Blast 4-G is a nonselective herbicide for controlling a wide range of annual and perennial weeds and grasses. It is registered for industrial use only such as railroad, utility and highway rights-of-way. 200 to 400 pound applications of Weed Blast 4-G per acre usually result in a nonproductive condition of the soil for a period of a year or more. The maximum use rate of Weed Blast 4-G is 800 lbs. of product per acre per year or 1.9 lbs. per 100 square feet per year. The duration of nonproductivity is dependent upon rainfall, soil type, and other conditions.

Weed Blast 4-G should be applied as furnished with a seed spreader, a fertilizer spreader, or with any equipment which will distribute the chemical uniformly over the area to be treated. For the control of annual and most perennial weeds and grasses, apply Weed Blast 4-G at the rate of 200 to 400 pounds per acre, on smaller plots, 1/2 to 1 pound per 100 square feet. Repeat spot treatment may be required when deep rooted perennial weeds are present. To obtain the best results, Weed Blast 4-G should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. Weed Blast 4-G may, however, be applied at any time of the year except when the ground is frozen. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult state agricultural experimental stations or extension service weed specialists for recommendations as to use in their particular area. Not to be used in any recreational areas or in or around homes. May not be used to treat barns or ditches, seasonally dry flood plains, deltas, marshes, swamps, bogs, and transitional areas between upland and lowland sites.

ENTRY RESTRICTIONS

Do not enter or allow others to enter the treated area until dusts have settled.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

KEEP OUT OF REACH OF CHILDREN CAUTION!

FIRST AID

| | |
|--------------------------------|--|
| IF IN EYES: | <ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. |
| IF ON SKIN OR CLOTHING: | <ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. |
| IF SWALLOWED: | <ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. |

For emergency information, contact CHEMTREC at 1-800-421-6300 (24 hours).

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON LABEL

IMPORTANT: Do not apply on or near desirable woody or herbaceous plants or on areas where their roots may extend because of possible injury to such plants. Thoroughly clean spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Dispose of rinsate according to "Disposal" instructions found under "Storage and Disposal" heading. Do not use on croplands or any land to be used for subsequent cropping. Keep animals off treated areas.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store product in original container only, away from other pesticides, fertilizer, food, or feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL FOR BAG: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

CONTAINER DISPOSAL FOR PAIL: Triple rinse (or equivalent). Then offer for recycling or dispose of in a sanitary landfill, or by incineration, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS & DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Applicators & other handlers must wear:

- Long-sleeved shirt and long pants
- Socks and shoes
- Chemical resistant gloves made of any waterproof material

ENVIRONMENTAL HAZARD

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

CONDITIONS OF SALE

1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for use as directed on the label. No one other than officer of Seller is authorized to make any warrant, guarantee, or direction concerning this product. 2. Because the time, place, rate of application, and other conditions of use are beyond Seller's control, Seller's liability from handling, storage, and use of this product is limited to replacement of product or refund of purchase price.

PRECAUTIONARY STATEMENTS

Hazard to Humans & Domestic Animals

CAUTION

Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust.

Personal Protective Equipment (PPE):

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category A on an EPA chemical-resistance category selection chart."

Loaders, applicators, and other handlers must wear:

- Long-sleeved shirt and long pants,
- Shoes plus socks, and
- Chemical resistant gloves made of any waterproof material such as polyethylene or polyvinylchloride.

In addition, applicators using tractor drawn spreaders and all loaders must wear a NIOSH-approved respirator with a dust/mist filter with MSHA/NIOSH approval number prefix TC-21C *or* any N, R, P, or HE filter.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry

USER SAFETY RECOMMENDATIONS:

Users should wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS:

For terrestrial use, do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters. Apply this product only as specified on this label.

WEED BLAST 4G WEED KILLER - EPA REG. NO. 34913-19

INSERT NO. 1:

Rights-of-Way/Non-Crop Areas:

Maximum rate per application:

- 12.0 pounds diuron active ingredient per acre in areas of high rainfall or dense vegetation.
- 8.0 pounds diuron active ingredient per acre in all other areas.

Apply a maximum of two applications per year.

Minimum retreatment interval: 90 days

INSERT NO. 2:

Application with a spoon, a pump-feed backpack spreader or a gravity-feed backpack spreader is prohibited.
