 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Honolulu Wood Treating Co.
91-291 Hanua Street
EWA Beach, HI 96707

NOTE: Changes in labeling (formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4."
2. Add the phrase, "EPA Registration No. 35053-1" and submit five (5) copies of your final printed labeling before you release the product for shipment.
3. Address the miscibility aspect of the Product Chemistry data.
4. Submit information concerning the Dielectric Breakdown Voltage.
4. Submit the corrosion characteristics and storage stability study.
5. Place the precautionary statements on the front panel.

**PRECAUTIONARY STATEMENTS:
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

Harmful if swallowed. Avoid contact with eyes. Wash thoroughly after handling. Avoid contamination of food and feed. Do not leave container where children may gain access.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters. Do not apply directly to any body of water.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED, immediately contact a physician or Poison Control Center. If these are unavailable, give the victim 1 or 2 glasses of water and induce vomiting by touching back of throat with fingers. Do not induce vomiting or give anything by mouth to an unconscious person. IF IN EYES, flush with plenty of water. Get medical attention if irritation persists. IF ON SKIN, remove contaminated clothing and wash skin with soap and water.

NOTICE

Because of many varying conditions affecting use and application, manufacturer warns buyer that these may impair or vary results or effects of the use of this product. In any event, complete prevention of decay by fungi or other organisms is not guaranteed. Neither manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions hereon nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms, and assumes all risk of usage and handling except when handled in accordance with this label. Neither manufacturer nor seller makes, and their employees and agents are not permitted to make, any representations or warranties, express or implied by law, not specifically set forth herein.

DIRECT

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEAR-BOR F.T. is an aqueous solution for the protection and treatment of wood used in construction or fabrication of wood structures (Reticulitermes, Coptotermes, Termites (Zootermopsis), Incisitermes), Carpenter Ants and Fungi. This treatment is not for use on masonry and may require mixing with water. CLEAR-BOR F.T. is recommended for use on wood which will be protected with soil. This product is for use on the surface etching of treated wood.

FIELD TREATMENT

Field treatment on end cuts of wood in construction or fabrication of wood structures may be applied by brush or spray. Current Association specifications for field treatment should be followed to ensure adequate protection.

STORAGE

Do not contaminate water. Do not store in areas where access is restricted. PESTICIDE DISPOSAL: This product may be disposed of at an approved disposal facility. CONTAINER DISPOSAL: Empty container. Securely wrap in newspaper and discard in trash or equivalent. Then or puncture and dispose of or, if allowed by state and local regulations, burned, stay out of smoke.
