

# Contact Herbicide

Sodium Cacodylate  
and Cacodylic Acid  
Liquid Plus Surfactant

For General  
Post-Emergent  
Weed Control

FEDERAL STOCK NUMBER: 6840-926-9094

MILITARY SPECIFICATION: MIL-A-60733 (MU)

#### ACTIVE INGREDIENTS:

Sodium Cacodylate . . . . . 26.3%  
Dimethylarsinic Acid (Cacodylic Acid) . . . . . 4.7%

#### INERT INGREDIENTS: . . . . . 69%

Total Arsenic (as elemental) all in  
water soluble form . . . . . 14.9%

Product contains 3.05 Cacodylic Acid  
Equivalent per gallon (11.09 lbs.)

#### PHYSICAL PROPERTIES:

Appearance . . . . . Reddish Brown Liquid  
Density g/ml . . . . . 1.33  
Weight per gallons, pounds . . . . . 11.09  
pH . . . . . 6.7 - 7.3

**CAUTION:**  
Keep out of the  
reach of children

Read entire label  
before using  
this product

## CAUTION: Keep Out of the Reach of Children

**CAUTION:** Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Avoid storage near feed or food products. Keep children and domestic animals off treated areas until this material has been washed into the soil. Do not contaminate waters used for domestic consumption or by animals, wildlife and aquatic life, or for irrigation purposes. Do not graze treated areas to livestock.

**USE:** A contact/desiccant type herbicide for post-emergent application. For use by government agencies. To be applied by trained personnel.

**GENERAL INFORMATION:** This herbicide is useful for general post-emergent vegetation control. It is non-selective in its action. It produces top-kill only. Repeated applications are required for season long weed control of perennials.

**MIXING INSTRUCTIONS:** This herbicide is completely water soluble. Fill spray tank half-full with water and add the required amount of herbicide with agitation. Finish filling tank with water and apply. After use, clean equipment thoroughly by flushing with water.

**CONTAINER DISPOSAL:** Do not reuse container. Wash thoroughly by flushing with water and detergent, crush if possible and discard in a safe place.

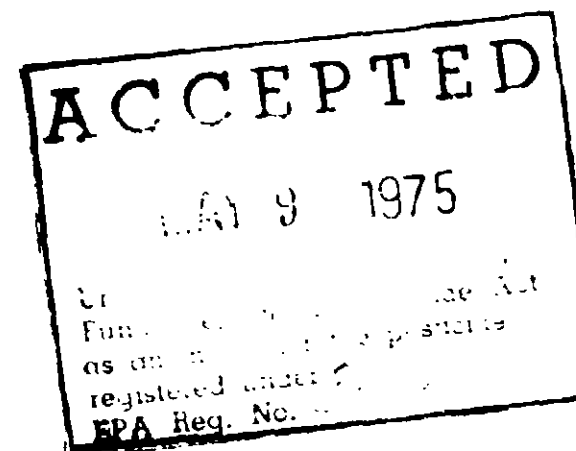

**USE INSTRUCTIONS:** This herbicide is useful for general weed control rights-of-way, railroad beds, ammo storage areas, fence lines, sidewalks and around buildings. Mix 1 to 2 gallons of the herbicide in 100 gallons of water. Spray unwanted vegetation to just short of runoff. Do not allow spray to come in contact with foliage, green bark or broken bark when spraying around trees and ornamentals. Avoid drift. This herbicide is for use by governmental agencies only.
