Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush skin or eyes with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling. If swallowed do not induce vomiting because of aspiration hazard. Get prompt medical aid.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Give a glass of milk or water. Do not induce vomiting because of aspiration hazard.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists. 30

IF ON SKIN: Wash off with soap and water.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is an antidote.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical hazards

Do not use or store near heat or open flame.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
