

ALGAECIDE is efficient, economical and stable in use. It is compatible with most chemicals used in pool water and will not damage tile, concrete, metal or plastic. ALGAECIDE keeps pool water free and sparkling clear of visible green and blue algae, slime and green growth. ALGAECIDE improves filter operation and cuts the need for other chemicals. ALGAECIDE keeps tile and a clear, bright swimming pool water.

Precautionary Statements

Hazards to Humans and domestic animals

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Place of Application: Apply to water along pool edges when filter and pump is in operation.

To allow time for even distribution in pool water, swimmers should allow 10 minutes after treatment before entering pool.

Initial Application: To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof.

Maintenance Dose: Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain add one quart per 50,000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.
