INERT INGREDIENTS:	90%

NET CONTENTS 32 FL. OZ. (1 QT.)

DANGER
KEEP OUT OF REACH OF CHILDREN.
See back panel for other precautionary measures.

SPACE AGE CHEMICALS
13009-G Los Nietos Road
Santa Fe Springs, Calif. 90670

EPA Reg. No. 35208-5

DIRECTIONS FOR USE

INITIAL DOSE: Use 32 ounces of SPACE AGE ALGAECIDE #301 per 12,500 gallons of water.

MAINTENANCE DOSE: Use 8 ounces of SPACE AGE ALGAECIDE #301 per 12,500 gallons of water.

Initial dose is used when filling pool at start of swimming season. If pool has visible algae growth, treat with the initial dose. Vacuum pool after 24 hours to remove algae debris. If algae is still present or reappears, repeat this treatment procedure as necessary. When algae is no longer visible in pool, use the recommended Maintenance dose weekly during swimming season.

SPACE AGE ALGAECIDE #301 is compatible with the most commonly used swimming pool chemicals, but it should not be pre-mixed with other chemicals. It should be added by itself directly to pool water.

DANGER

Corrosive in concentrated strength. Causes severe Eye and Skin Damage. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed.

FIRST AID

In case of contact, immediately flush Eyes or Skin with plenty of water for at least 15 minutes. Call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DISPOSAL

Fish or Wildlife precautions: this product is toxic to fish. Treated effluent should not be discharged into nor where it will drain into lakes, streams, ponds or public waters. Apply this product only as directed on this label.

Note: Always use proper disposal methods. Do not dump in water.
