

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS (& DOMESTIC ANIMALS)**

**Personal Protective Equipment:**

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category E on an EPA chemical resistance category selection chart.

Applicators and other handlers (other than mixers and loaders) must wear:

- Long-sleeved shirt and long pants.
- Chemical resistant gloves, such as Barrier Laminate or Nitrile rubber or Neoprene rubber or Viton.
- Shoes plus socks.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**Engineering controls statements:**

When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets the requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides (40 CFR 170.240 (d) (4-6)), the handler PPE requirements may be reduced or modified as specified in the WPS.

**User Safety Recommendations:**

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**CHEMIGATION PROHIBITION**

Do not apply this product through any type of irrigation system.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in a cool, dry, locked area out of the reach of children. Keep oil container tightly closed in storage to prevent entry of water.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL: METAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. **PLASTIC:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

LAKE A' FRED, FLORIDA 33850

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a way that differs from its labeling.

Do not apply this product in a way that will cause drift. Only protect during application. For any requirements specify the agency responsible for pesticide registration.

**AGRICULTURAL USE**

Use this product only in accordance with the Protection Standard, 40 CFR part 170. This label is for the protection of agricultural workers in greenhouses, and handlers of agricultural products for training, decontamination, notification, and other purposes. This label contains specific instructions and exceptions. Only the instructions and exceptions on this label about personal protective equipment apply to uses of this product. The Protection Standard.

Do not enter or allow worker entry into treated area until the reentry interval (REI) of 4 hours.

PPE required for early entry to treated area: Worker Protection Standard and that involves being treated such as plants, soil, or water.

- Coveralls
- Chemical-resistant gloves, such as Barrier Laminate or Neoprene rubber or Viton.
- Shoes plus socks.

**CITRUS (Florida) - Grapefruit, Lemons, Limes, and other citrus:**

**CITRUS APPLICATION:** Spider mites, White scale, Purple scale, Yellow scale, Brown soft scale, use 5 gallons of oil in 500 gallons of water per acre in sufficient water to assure coverage.

Consult the Florida Citrus Spray and Dust Manual for complete details on the spraying procedure and conditions.

Precautions in the use of oil include: Do not apply to wilting or near wilting. Do not apply oil to other crops. Oil spray applied after October 1 may cause cold damage and may reduce the fruit crop. Oil applied in the fall may inhibit solids formation of fruit, and should not be applied within 14 days of harvest. Sensitive foliage may be injured.

**CONDITIONS OF SALE**

All statements concerning the use of this product are directed. THE MANUFACTURER MAKES NO WARRANTY, EXPRESS OR IMPLIED, CONCERNING THIS PRODUCT. THE USER TENDS BEYOND THE DESCRIPTION ON THIS LABEL.
