

DIRECTIONS

Apply Powder with a small brush in all floor and wall cracks, around plumbing fixtures, back of shelves in cabinets, and other places where roaches and waterbugs are likely to hide and breed. The powder should be allowed to remain as applied for five days before sweeping up. Repeat application as needed. The contents of this package will treat an average 4 or 5 room apartment or equivalent space in basements and warehouses.

CAUTION: Use Only As Directed

Doc Edmonds' Roach Powder can be used in excess of the directions in excess of the directions. Keep away from food, children and domestic animals. Do not store in a damp closet.
