## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

### DANGER

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance contact your regional office of EPA.

## PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use clean utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, generation of hazardous gases and possible generation of fire explosion. In case of contamination or decomposition do not reseal container. If possible isolate container in open air or well-ventilated area. Flood with large volume of water if necessary.

### NOTICE

Only for sale to, use, and storage by servicepersons

## Wash Sanitizer

### Active Ingredient

Sodium Dichloro-s-triazinetriene  
Dihydrate ..... 28%  
Inert Ingredients ..... 72%  
Provides 15.8% available chlorine

KEEP OUT OF REACH OF CHILDREN

## DANGER

### Practical Treatment FIRST AID

If swallowed: Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.  
If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention.  
If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

SANITART 387 Wash Sanitizer is recommended for use in sprays and clean eggs prior to sale. SANITART 387 Wash Sanitizer is used in sanitizing dishes, glasses, food processing equipment, dairy and brewery equipment and utensils.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner not shown on the labeling.

For egg wash: Dissolve one ounce of SANITART 387 Wash Sanitizer in warm (125°F) water. This provides 100 ppm of available chlorine. Spray with the 100 ppm available chlorine solution and dry. Eggs may be rinsed with potable water if desired.

For dishes, glasses, food processing equipment and utensils: Dissolve one ounce of SANITART 387 Wash Sanitizer per ten gallons of warm (125°F) water. This provides 100 ppm of available chlorine. Clean and rinse items prior to sanitizing. For items to be sanitized in solution, hold for two or three minutes and dry. The same solution may be used in the feed tank for sanitizing machines providing two to five minutes contact time for sanitizing food processing equipment and utensils. The items are then re-rinsed. The sanitizing solution should be used promptly after mixing. If it stands or is reused and tests show the level of chlorine has dropped, additional SANITART 387 Wash Sanitizer should be added to bring the concentration of 100 ppm available chlorine.

### STORAGE AND DISPOSAL

- PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal.
- STORAGE:** Keep product dry and in tightly closed containers in a cool, dry, well-ventilated area away from heat or open flame. Do not store near acids, alkalis, or oxidizing agents. Isolate container if possible and flood with large volume of water before discarding.
- PESTICIDE DISPOSAL:** Wastes resulting from the use of this product should be disposed of on site or at an approved waste disposal facility.
- CONTAINER DISPOSAL:** Completely empty inner liner by turning container upside down and bottom to loosen clinging particles. Empty residue by pouring. Then dispose of liner in a sanitary landfill or by incineration, if allowed by state and local authorities. If drum is contaminated and cannot be cleaned, dispose of in the same manner.
- GENERAL:** Consult Federal, State, and local authorities for current and applicable regulations and methods.

**SANITART 387 Wash Sanitizer** is recommended for use in spray machines to sanitize and clean eggs prior to sale. **SANITART 387 Wash Sanitizer** is also recommended for use in sanitizing dishes, glasses, food processing equipment and utensils including dairy and brewery equipment and utensils.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

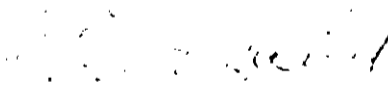

For egg wash Dissolve one ounce of **SANITART 387 Wash Sanitizer** in ten gallons of warm (125°F) water. This provides 100 ppm of available chlorine. With a conveyor type machine, spray with the 100 ppm available chlorine solution and allow eggs to drain and dry. Eggs may be rinsed with potable water if desired.

For dishes, glasses, food processing equipment and utensils, dissolve one ounce of **SANITART 387 Wash Sanitizer** per ten gallons of warm (125°F) water. This provides 100 ppm of available chlorine. Clean and rinse items prior to sanitizing. Then dip the items to be sanitized in solution, hold for two or three minutes and remove, allow to drip dry. The same solution may be used in the feed tank for immersion or spray-type machines providing two to five minutes contact time for sanitizing dishes, glasses and food processing equipment and utensils. The items are then ready for use.

The sanitizing solution should be used promptly after mixing. If the solution is allowed to stand or is reused and tests show the level of chlorine has not been maintained, additional **SANITART 387 Wash Sanitizer** should be added to maintain a minimum concentration of 100 ppm available chlorine.

### STORAGE AND DISPOSAL

- 1 PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal
- 2 STORAGE:** Keep product dry and in tightly closed containers when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of a decomposition, isolate container if possible and flood with large amounts of water to dissolve all material before discarding.
- 3 PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
- 4 CONTAINER DISPOSAL:** Completely empty inner liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
- 5 GENERAL:** Consult Federal, State, and local authorities for approved alternate method.
