-----> Subject: NOTIFICATION TO ADD 3 ADDITIONAL FERTILIZER SPREADERS.
Product: TURF PRIDE 92 WEED & FEED - FOR ST.AUGUSTINE & CENTIPEDE.
EPA Reg. No. 35512-46.

Dear Dr. Tompkins:

This is a NOTIFICATION to add 3 additional Fertilizer Spreaders to "that" section on page copy unit 1 of 2 of this label as SCOTTS R8A; LESCO NEW; AND SR 2000.

No other changes have been made in the copy.
We enclose EPA form 8570-1 OPP ID NO 280446; executed and 2 copies of the label for the file.

-----> CERTIFICATION FOR THIS NOTIFICATION

"This NOTIFICATION is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and the registered product labeling and A.I. and no other changes other than name and a.i. have been made to the labeling or the confidential statement of formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

Sincerely
H. R. McLane, INC

ACTIVE INGREDIENT:
Atrazine: CAS [1912-24-9] - - - - 0.92%

~~OTHER INGREDIENTS~~ (Atrazine) - 99.08%
Total 100.00%

Contains 18.4 lbs. of Atrazine per ton.
when used according to label directions applies 2 lbs. a.i. per acre.

NET WEIGHT
50 POUNDS

EPA REG. NO. 35512-46 **EPA EST. NO. 35512-FL-2**

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID
IF SWALLOWED - Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES - Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
IF ON SKIN - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
Have this product container or label with you when calling a poison control center, or doctor, or when going for treatment.
SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON THIS LABEL

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid inhalation or contact with eyes. Wash after handling or using. Keep away from feed or food products.

ENVIRONMENTAL HAZARDS
Atrazine can travel (seep or leach) through soil and can enter ground water which may be used as drinking water. Atrazine has been found in ground water. Users are advised not to apply Atrazine to sand and loamy soils where the water table (ground water) is close to the surface and where these soils are very permeable, i.e. well-drained. Your local agricultural agencies can provide further information on the type of soil in your area and the location of ground water.
This product is toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff and drift from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for use on turf being grown for sale, or other commercial uses, such as for commercial seed production, or for research purposes. For use on St. Augustine and Centipede turfgrass being grown in parks, on golf courses and lawns.

READ ENTIRE LABEL BEFORE USING
Read the entire Directions for Use, CONDITIONS OF SALE, Disclaimer of Warranties, and Limitation of Liability, before using this product.

WHERE TO USE
This material is for use only on St. Augustine and Centipede lawns. On newly seeded centipede, delay application until grass has been mowed at least once. Do not plant "sprigs" within one month after application, or seed within 6 months after application. Do not plant any crop (flower or vegetable plants) to treated areas for 18 months or injury may result. Apply this product only when grass foliage is dry.
DO NOT USE ON BAHIA, BENT, BERMUDA, BLUEGRASS, DICHONDRA LAWNS, FESCUE, OR RYE, GRASSES, BECAUSE SERIOUS TURF DAMAGE CAN OCCUR.

WHEN TO APPLY
Best weed control will result if applied before weeds sprout since the product acts as a Pre-Emergent and also as a Post Emergent weed killer. Established weeds are harder to kill and may require an additional application in the fall or spring. Apply January 1st up to March 1st for best control otherwise product may be applied up to June 15th with good weed control. A fall application will be needed for control of certain annuals such as Chickweed, Henbit, Rabbit Tobacco, Florida Betony and Evening Primrose. In case of heavy weed infestation or low soil moisture, a repeated application may be necessary. Time for complete kill of mature weeds may be 4 to 5 weeks. Wait 2 months for repeat application. Apply when air is calm to prevent particle wind drift.

HOW TO APPLY
This product may be applied with either a drop type or broadcast type spreader. Apply evenly across the entire lawn at a rate of 50 pounds to treat 10,000 Sq.Ft. — 40 lbs. to treat 8,000 sq.ft. of lawn. (equivalent to 5 lbs. per 1,000 Sq.Ft.) Do not exceed recommended rates. Sprinkle the area immediately after application with water to wash granules off the grass blades and down to soil level.

USE PRECAUTIONS
Do not apply this product on or over the root zone of ornamental trees, shrubs, bedding plants, flowers, or garden plants because injury to them may result. Do not apply to lawns containing grasses or mixtures of grasses other than St. Augustine or Centipede grasses as recommended on this label, because serious injury to those other grasses may result.

SPREADER SETTINGS for 5 lbs / 1,000 sq.ft.

SPREADER	SUGGESTED SETTING
CYCLONE	4.5
SCOTTS	7
SCOTTS R8A	J-K
LESCO NEW	15
SR 2000	L

NOTE: Spreader rate varies with walking speed.
Check spreader over a known square foot area.
