US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO.

35559-2

DATE OF ISSUANCE

DEC 31 1992

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Diesel Sta-Bil

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Gold Eagle Company
4400 South Kildare Blvd
Chicago, IL 60632

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A) provided that you:

1. Submit/cite all data required for registration/ reregistration of your product under FIFRA section 3(c) (5) when the Agency requires all registrants of similar products to submit such data: and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 35559-2".
- b. The type size minimum requirement for the front panel signal word is at least 18 points.
- c. The ingredient percentages must be aligned to the same right margin.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

John H. Lee 
Product Manager (31)
Antimicrobial Program Branch
Registration Division (H7505C)

DIESEL

ACCEPTED
with COMMENTS
in EPA Letter Dated:

STA-BIL®

DEC 31 1992

**FUEL STABILIZER
WITH BIOBOR® JF MICROBICIDE**

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

35559-2

**TREATMENT OF BULK DIESEL FUEL STORAGE TANKS AND
DIESEL EQUIPMENT FUEL TANKS FOR COMMERCIAL TRUCKS, BOATS, SHIPS,
GENERATORS AND LOCOMOTIVES**

ACTIVE INGREDIENTS

2,2'-(1-methyltrimethylenedioxy)bis-(4-methyl-1,3,2-dioxaborinane)	54.08%
2,2'-oxybis(4,4,6-trimethyl-1,3,2-dioxaborinane)	21.92%
INERT INGREDIENTS	24.00%
TOTAL	100.00%

Trademark of Hammonds Fuel Additives, Inc.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

STATEMENT OF PRACTICAL TREATMENT

In in Eyes: Flush with plenty of water. Call a physician immediately.

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

If Swallowed: Promptly drink large quantities of water. Avoid alcohol.

Do not induce vomiting. Do not give anything by mouth to an unconscious person. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

See Back Panel for Additional Precautionary Statements.

NET CONTENTS:

EPA Reg. No. 35559-

EPA Est. No.

35559-1L-002

**Manufactured by
Gold Eagle Company

Chicago, IL 60632-4372**

4075

FOR EASY STARTING AFTER STORAGE

- Keeps stored diesel fuel fresh.
- Inhibits growth of microorganisms in fuel.
- Keeps fuel clear and light colored.
- Keeps filters and injectors clean.
- Minimizes smoking - maximizes fuel economy.
- Compatible with primary fuel/water separator.
- Contains no alcohol.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

DEC 31 1992

Under the Federal Insecticide,
Fungicide, and Herbicide Act
as amended for the pesticide
registered under EPA Reg. No.

35557-2

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To inhibit growth of microorganisms, use one ounce (30 mL) of DIESEL STA-BIL_o for every 31.25 gallons of diesel fuel or heating oil. As a preventive treatment, use one half ounce (15 mL) for every 15.625 gallons. In hot, humid weather, treat all fuel with DIESEL STA-BIL_o to protect against injector and filter clogging and control of microbial growth.

FOR TREATMENT OF BULK DIESEL FUEL STORAGE TANKS - Never treat an empty tank. Direct contact of DIESEL STA-BIL_o with water phase must be avoided. DIESEL STA-BIL_o must be blended into the fuel phase only and not into the water phase at the bottom of the tank. Add DIESEL STA-BIL_o when tank is at least half full. DIESEL STA-BIL_o is soluble in both fuel and water; it is designed to migrate from the fuel phase to the water phase for control of fungus.

FOR TREATMENT OF DIESEL EQUIPMENT FUEL TANK - Use the same treatment level as above. Run engine 10-15 minutes to ensure complete blending and to allow movement of treated fuel through the injection equipment.

STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL
STORAGE: DIESEL STA-BIL_o should be protected from moisture. Containers must be capped tightly when not in use as prolonged exposure to atmospheric moisture can cause formation of solids and loss of effectiveness. Do not transfer to other containers for storage. Discard if product is cloudy or contains solid materials.

PESTICIDE DISPOSAL: Pesticide wastes are acutely toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent) all containers and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes severe eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not use in closed spaces without adequate ventilation.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.
