T. Jeffery Jones, Agent for, Gold Eagle Company 4400 South Kildare Blvd. Chicago, IL 60632-43272

Mail to: T. Jeffery Jones c/o Delta Analytical Corporation 7910 Woodmont Ave., #1000 Bethesda, MD 20814

Subject: Diesel STA-BIL EPA Registration Number 35559-2 Your Submission Dated April 2nd, 2003 EPA Received Date April 7th, 2003

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, fungicide, and Rodenticide Act (FIFRA), as amended, to update the "First Aid" language to comply with PR Notice 2001-1, is acceptable.

However at the next printing of your labeling, revise the ingredient statement to read as follows:

Active Ingredients:% Inert ingredients.....% Total.....100.0%

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Karen M. Leavy-Munk at (703)-308-6237.

Sincerely, Marshall Swindell Product Manager 33 Regulatory Management Branch I Antimicrobial Division(7510C)

GOLD EAGLE®

DIESEL STA-BIL®

FUEL STABILIZER WITH BIOBOR® JF* MICROBIOCIDE

TREATMENT OF BULK DIESEL FUEL STORAGE TANKS AND DIESEL EQUIPMENT FUEL TANKS FOR COMMERCIAL TRUCKS, BOATS, SHIPS, GENERATORS AND LOCOMOTIVES.

TREATS [62.5] [125] [250] [375] [500] [1000] [4000] [20,000] [220,000] GALLONS FOR EASY STARTING AFTER STORAGE

- Keeps stored diesel fuel fresh
- Keeps fuel clear and light colored
- Minimizes smoking - maximizes fuel economy
- Inhibits growth of microorganisms in fuel
- Keeps filters and injectors clean
- Contains no alcohol
- Compatible with primary fuel/water separator

ACTIVE INGREDIENTS:	
2,2'-(1-methyltrimethylenedioxy)bis-(4-methyl-1,3,2-dioxaborinane)	54.08%
2,2'-oxybis(4,4,6-trimethyl-1,3,2-dioxaborinane)	21.92%
OTHER INGREDIENTS:	24.00%
TOTAL	100.00%

EPA REG. NO. 35559-2

EPA EST. NO. 35559-IL-002

KEEP OUT OF REACH OF CHILDREN

DANGER

(See Back Panel for Additional Precautionary Statements)

FIRST AID	
Call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center, or when going for treatment.	
If swallowed:	<ul style="list-style-type: none"> • Call a Poison Control Center or doctor immediately for treatment advice • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If on skin:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To inhibit growth of microorganisms, use one ounce (30 mL) of DIESEL STA-BIL® for every 31.25 gallons of diesel fuel or heating oil. As a preventive treatment, use one half ounce (15 mL) for every 31.25 gallons. In hot, humid weather, treat all fuel with DIESEL STA-BIL® to protect against injector and filter clogging and control of microbial growth.

FOR TREATMENT OF BULK DIESEL FUEL STORAGE TANKS - Never treat an empty tank. Direct contact of DIESEL STA-BIL® with water phase must be avoided. DIESEL STA-BIL® must be blended into the fuel phase only and not into the water phase at the bottom of the tank. Add DIESEL STA-BIL® when tank is at least half full. DIESEL STA-BIL® is soluble in both fuel and water; it is designed to migrate from the fuel phase to the water phase for control of fungus.

FOR TREATMENT OF DIESEL EQUIPMENT FUEL TANK - Use the same treatment level as above. Run engine 10-15 minutes to ensure complete blending and to allow movement of treated fuel through the injection equipment.

DIESEL STA-BIL®		DIESEL FUEL
2 oz.	Treats	62.5 gallons
4 oz.	Treats	125 gallons
8 oz.	Treats	250 gallons
12 oz.	Treats	375 gallons
16 oz.	Treats	500 gallons
32 oz.	Treats	1000 gallons
1 gallon	Treats	4000 gallons
5 gallons	Treats	20000 gallons
55 gallons	Treats	200000 gallons

ACCEPTED
 MAY 08 2003
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered with EPA Reg. No. 35559-2

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Danger. Corrosive. Causes severe eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not use in closed spaces without adequate ventilation.

Environmental Hazards

This pesticide is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

STORAGE & DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

STORAGE: DIESEL STA-BIL® should be protected from moisture. Containers must be capped tightly when not in use as prolonged exposure to atmospheric moisture can cause formation of solids and loss of effectiveness. Do not transfer to other containers for storage. Discard if product is cloudy or contains solid materials.

PESTICIDE DISPOSAL: Pesticide wastes are acutely toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent) all containers and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
