Application dated May 25, 2006  
Amendment to Comply with Simazine RED

Dear Mr. Gehring:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended is acceptable, provided you make the following changes before you release the product for shipment.

1. Add an appropriate EPA Establishment Number to the label.
2. Revise the order of the PRECAUTIONARY STATEMENTS to the following: "Harmful if swallowed. Do not breathe dust or mist. Avoid contact with eyes, skin, or clothing. Causes moderate eye irritation." Remove the statements "Wash thoroughly with soap and water after handling and before eating or drinking. Remove contaminated clothing and wash before reuse."
3. Remove "/algaecide" from the statement "Only for formulation into an herbicide/algaecide for the following uses:" as there are no algaecide uses listed on the label.
4. Remove "[this sentence must be in all capital letters.]" on page 3.
5. Revise "[insert name of Registrant]" to "Oxon Italia S.p.A." on page 3.

6. In the section Warranty Conditions of Sale, add "To the extent allowed by law" before the statement "All such risks shall be assumed by the Buyer."

Submit one (1) copy of final printed labeling incorporating the above changes before you release the product for shipment. Amended labeling will supercede all previously accepted ones. A stamped copy of labeling is enclosed for your records.
