Subject: Hybrid Technologies Corporation
Iodinated Resin H-465
EPA Registration No. 35917-2
Application Date: January 5, 2006
Receipt Date: January 9, 2006

Dear Ms. Davis:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is accepted with conditions.

- Update label to comply with PR Notices 83-3, 93-10 and 2001-1.
- Change product name and company information due to product transfer.

Conditions

1. Revise the first sentence of the Environmental Hazards statement to read: This product is toxic to fish and aquatic organisms.
2. The proposed Warranty statement which appears to remove all liability from company would be considered too broad by Agency standards. The EPA Label Review Manual states that certain claims are unacceptable. Specifically, "(1) Overly broad statements negating or detracting from the Directions for Use or other label language (including precautionary statements and directions for use). For instance, the warranty statement, that the product would not work would negate Directions for Use which explained how the product was

SURNAME	Amson						
DATE	4/30/06						

to be used, (2) Label language asserting that the buyer has accepted the manufacturer's statement of his/her respective rights (e.g., manufacture states buyer's rights are extremely limited; all of these conditions are beyond the control registrant X"). Because these statements are almost always incomplete (in terms of fully explaining a buyer's rights in the jurisdiction (state) of purchaser and because they can mislead buyer's into thinking that they have no legal remedy, the may constitute "misbranding" under FIFRA., and (3) Overly broad language implying buyer has no legal right to recover damages from manufacturer(e.g. all such risks shall be assumed by the buyer."

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please call Wanda Henson at (703) 308-6345.

Sincerely,

Emily H. Mitchell

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye and skin irritation. Avoid contact with eyes, skin or clothing. Wear goggles and plastic gloves when handling. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

First Aid

Have the product container or label with you when calling a poison control center or doctor or going for treatment.	
If in Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

Environmental Hazards

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems. For guidance contact your state water board or regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is for reformulating or repackaging for use as a water disinfectant to treat water for drinking purposes. Reformulators or repackagers must register their products with the Environmental Protection Agency by satisfying that Agency's registration requirements.

Storage & Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store this product in non-metallic containers resistant to the corrosive action of Iodine, such as polyethylene containers or fiber drums lined with polyethylene. Keep containers tightly sealed. Keep away from direct sunlight or excessive heat. Do not store in open or unlabeled containers.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of site or at an approved waste disposal facility. This pesticide contains Iodine (I₂) which is corrosive to most metals. Do not dispose of this product in sewers or storm drains.

Container Disposal: Plastic containers: Triple rinse (or equivalent) then: offer for recycling or reconditioning; or puncture and dispose of in a sanitary landfill; or incinerate; or if allowed by state and local authorities, by burning (if burned, stay out of smoke). **Plastic lined fiber drums:** Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment then dispose of liner in a sanitary landfill or by incineration or if allowed by state and local authorities, by burning (if burned, stay out of smoke).
