TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

11B 01

NOTICE OF PESTICIDE: REGISTRATION
 Reregistration

*Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended.*

NAME AND ADDRESS OF REGISTRANT (include ZIP code)

7,500 E. 10th St.
P.O. Box 1000
Bismarck, ND 58101

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

2. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

3. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

4. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

5. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

6. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

7. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

8. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

9. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

10. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.

INERT INGREDIENTS

This product weighs 8.26 pounds per gallon

KEEP OUT OF REACH OF CHILDREN DANGER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, causes irreversible eye damage and causes skin damage. Harmful or fatal if swallowed or absorbed through the skin. This product is a potential skin sensitizer. Workmen handling this product or treated material should wear impervious gloves, goggles or face shield, and protective clothing. All protective clothing, work shoes or boots, and equipment must be left at the work site at the end of the day. Eating, drinking, or smoking during use of this product is prohibited.

FIRST AID: In case of skin contact, wash promptly and thoroughly with soap and water and finally with glycerin. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for 15 to 30 minutes. Get medical attention immediately. If product is swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply directly to water or wetlands. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS: Do not expose to extreme temperatures

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not expose to extreme temperatures. Do not stack more than five drums high. Drums should be opened in well ventilated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

COOLING TOWERS: CMB 61 _____
wood against soft or surface rot and internal or dry rot. It is applied containing 1.0 to 1.4% CMB 61 _____
faces. The amount applied should provide 1.2 to 1.6 lb CMB 61 _____
ft² of wood surface. Soft or surface rot can also be CMB 61 _____
well. The dosage should provide 2.5 lb of CMB 61 _____
water and the bleedoff should be stopped for 4 to 6 hr after treatment repeated every four months.

COOLING WATER: CMB 61 _____
and fungi in industrial recirculating cooling water systems. B should be cleaned thoroughly to remove old algal growth, microb system should then be drained, flushed, refilled with water, and CMB 61 _____ per 1000 gal water of 0.4 to 2.4 fl oz per 1000 gal should be made every 1 to 5 days, severity of microbiological fouling.

DRILLING FLUIDS: To inhibit bacterial and fungal degradation of drilling fluids, CMB 61 _____ is a concentration of 0.1 to 0.5% based on the total wet weight of the

PETROLEUM SECONDARY RECOVERY: CMB 61 _____
control sulfate-reducing bacteria, slime-forming bacteria and microbial floes, water disposal systems, and other oil field water or of CMB 61 _____ per 1000 gal made continuously or intermittently by means of a metering pump after injection pumps and injection well headers. Continuous Fe

fouled, add 7.8 to 26.0 fl oz CMB 61 _____ continuously until desired degree of control is achieved. CMB 61 _____ per 1000 gal of water control. Intermittent or Slug Method: When system is noticed 7.8 to 26.0 fl oz CMB 61 _____ per and 1 to 4 times per week, or as needed to maintain control.

CRUDE AND REFINED OILS: CMB 61 _____
value for the control of bacteria and fungi that cause the degradation during storage. It should be added to the oil as it is being transferred storage tank at the rate of 1.2 to 12.0 fl oz CMB 61 _____ Application should be made batchwise where mixing occurs or transfer.
