RESTRICTED USE PESTICIDE
 Due to Hazard to Nontarget Organisms

For retail sale to, and use only by, Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's Certification.

Ground Squirrel Bait by Wilco AG

For use around buildings, in noncrop areas (such as along levees and ditch banks, along fence lines), in rangeland and pasture land, and in crop areas (such as orchards) to control California and Townsend Ground Squirrels in California and Nevada.

WILCO Ground Squirrel Bait is actually impregnated by the toxicant.

Active Ingredient: Diphacinone 0.005%
 Other Ingredients: 99.995%
 Total 100.000%

ACCEPTED

MAR 29 2006

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 36029-17

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

FIRST AID Have label with you when obtaining treatment advice.	
If swallowed	•Call a poison control center, doctor, or 1-800-858-7378 ¹ immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to do so by the poison control center or doctor.
¹ The National Pesticide Telecommunications Network (NPTN) answers questions on medical emergencies, pesticide incidents,, and health concerns.	
NOTE TO PHYSICIAN OR VETERINARIAN Contains diphacinone, an anticoagulant. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. For humans, dogs, or other animals that have ingested this product or have obvious poisoning symptoms (bleeding) or elevated prothrombin times, give Vitamin K ₁ intramuscularly or orally. Check prothrombin time until values return to normal.	

See Left Side Panel for additional precautionary statements.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Keep away from humans, domestic animals, and pets. Keep away from feed or foodstuffs. Wear waterproof gloves when handling bait or retrieving carcasses. Wash thoroughly with soap and water after handling bait.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals, birds, and fish. Dogs and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

ENDANGERED SPECIES CONSIDERATIONS

NOTICE: It is a Federal offense to use any pesticide in a manner that results in the death of an endangered species. Use of this product may pose a hazard to endangered or threatened species. Before applying this product, applicators must obtain information regarding the occurrence of endangered species and use limitations for this product. You may call EPA's "Endangered Species Hotline" at 1-800-447-3813 to obtain an "Interim Measures" pamphlet for your county. You may also consult your local agricultural extension office or state pesticide lead agency to determine if there are any requirements for use of this product.

In California, obtain a copy of the interim Measures Bulletin for your county from the County Commissioner's office or from the following Internet site:

<http://www.cdpr.ca.gov/docs/es/index.htm>

Where necessary to protect endangered kangaroo rats, use in tamper-resistant bait stations developed for this purpose in association with the California Department of Food and Agriculture and the California Department of Fish and Game. A publication on those stations is available at the website indicated above.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store only in original closed container in a cool, dry place inaccessible to children and pets. Store separately from fertilizer and away from products with strong odors which may contaminate the bait and reduce acceptability. Carefully sweep up and dispose of any spillage as in the "PESTICIDE DISPOSAL".

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of at on site or at an approved waster disposal facility.

CONTAINER DISPOSAL: Completely empty drum or canister by shaking and taping sides and bottom to loosen clinging particles. Empty residue into bait station or dispose of as indicated above. Then dispose of drum or canister in a sanitary landfill or by incineration if allowed by local authorities.

NOTICE

Seller makes no warranty, expressed or implied, concerning use of the product other than indicated on the label. Buyer assumes all risk of use and/or handling of product when such use and/or handling is contrary to label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children, pets, and livestock.
2. Apply this product in secured, tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be constructed and used in ways which prevent such children from reaching into bait compartments and obtaining bait. Even stronger bait station are needed in areas open to hooved livestock, raccoons, bears, other potentially destructive animals, or in areas prone to vandalism. Stations must be secured so that they cannot be overturned by young children, pets, or winds. Stations used in areas open to livestock and/or nontarget wildlife must be secured so that the units cannot be readily overturned by any nontarget animals that have access to them.
3. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS: For use around buildings, in noncrop areas (such as along levees and ditch banks, along fence lines), in rangeland and pasture land, and in crop areas (such as orchards) to control California and Townsend Ground Squirrels in California, Nevada only in secured, tamper-resistant bait stations to control the California Ground Squirrel (Spermophilus beecheyi) and Townsend Ground Squirrel (Spermophilus townsendi) in California and Nevada.

Do not apply this product by any method not specified on this label. This product may not be broadcast. Wear waterproof gloves when applying this product. With detergent and hot water, wash all implements used for applying bait. Do not use these implements for mixing, holding, or transferring foods or feeds.

[Right Panel-continued]

APPLICATION DIRECTIONS:

Secure bait stations at locations where they will be readily accessible to target ground squirrels, preferably near active burrows. Secure stations 20 to 100 feet apart, depending upon the density of the population. Wear waterproof gloves and scooping device (preferably long-handled) to transfer bait from the container to the station. Use 2 to 4 pounds of bait per bait station.

Check bait stations frequently to insure that an uninterrupted supply of bait is always available for at least 15 days or until all signs of feeding have stopped.

POST-APPLICATION DIRECTIONS:

Using waterproof gloves, collect and burn (where permitted) or bury all visible dead animals. Dispose of leftover bait according to "Pesticide Disposal".
