### DIRECTIONS

The use of this product in food processing establishments should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

**SPACE SPRAY:** For rapid control of houseflies, fruit flies, mosquitoes, small flying moths, and gnats: Close doors and windows and shut off ventilating systems. Apply using a good sprayer adjusted to deliver a fine mist. Direct spray toward the upper portions of the enclosure, filling the room with mist. Use 1/2 to 1 ounce per 1000 cubic feet of space.

**SURFACE SPRAY:** To kill exposed stages of roaches, ants, spiders, clover mites, cheese mites, confused flour beetles, saw-toothed grain beetles, red flour beetles, rice weevils, granary weevils, and grain mites: Apply as a coarse mist directed toward insects, into cracks and crevices, along baseboards, around the base of machinery, containers of stored
