

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling.

STORAGE AND DISPOSAL

Precautions: Do not use near water, food or feed. Do not use in open areas. Do not use in areas where children play.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

This product should be applied in a coarse (large droplet) spray in a spot treatment of localized surface areas only.

ROACHES: Remove all dishes, food and utensils from the area to be sprayed. Make spot applications to infested roach haunts: behind sinks, under cracks and crevices, the underside of all drawers, baseboards, pipes, holes in walls and cracks of kitchen cupboards. Inspect and treat other areas of the house where infestation is evident. Pay particular attention to bathrooms, cracks and crevices in closets, dresser drawers and frames. Repeat in three to four days. Repeat only after shelves and cupboards have thoroughly dried.

ANTS, SPIDERS, SILVERFISH, CRICKETS AND EARWIGS: Apply this product where these pests are found or may be infesting. Apply layers of foam and insecticide cracks and crevices, along baseboards and door and window frames, beneath and beneath sinks, stoves, refrigerators and dishwashers, and around garbage cans, plumbing and other utility connections. Pests driven out of hiding places should be sprayed directly. Spray and treat, repeat in 3 to 4 days. Repeat treatment as required.

FLEAS AND BROWN DOG TICKS INDOORS: This product is a fine mist and spot treat infested areas such as pet bedding, under carpets, near cracks and crevices, along and behind baseboards, door and window frames, and localized areas of floor and floor covering where fleas may be present. Pet bedding should be removed and replaced with clean fresh bedding after treatment. **Do not treat pets with this product.** Rather, consult and treat your pet with a product registered for animal applications. This will help control the source of the infestation.

FLEAS AND BROWN DOG TICKS OUTDOORS: For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy noncrop areas, spray infested areas. Repeat applications as infestations warrant and as reinfestation occurs.

FLIES AND MOSQUITOES: For outdoor use only. Avoid spraying areas where these insects are found. Spray outside surfaces of porches, decks, and other areas where these insects may enter the house. Do not spray on or near electrical fixtures or porches in garage or other areas where these insects do not propagate. Repeat as necessary.

MYSTIC ROACH and household INSECT SPRAY (ACQ)

36272-75
registered under EPA Reg. No.

KILLS:

- ROACHES • SPIDERS • CRICKETS
- ANTS • SILVERFISH • EARWIGS

U.S. PATENT NO. 3,449,486

CAUTION

KEEP OUT OF REACH OF CHILDREN
