Mr. Eliot Harrison
Delta Analytical Corporation
Agent For: Ringer Corporation
7910 Woodmont Avenue
Suite 1000
Bethesda, MD 20814

Dear Mr. Harrison:

Subject: Ringer Aphid Mite Attack Concentrate
EPA Registration No. 36488-31
Your Resubmission Dated May 12, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided the following changes are made to the label:

1. Under the general information for Aphid-Mite Attack Concentrate remove the words "fruits, vegetables, flowers, shade, nut and fruit trees, ornamentals, and indoor and greenhouse plants" so that the paragraph reads:

"Ringer Aphid-Mite Attack Concentrate can be used on the following: foliage plants, roses, succulents, houseplants, ornamental landscape trees and shrubs, root and tuber vegetables, bulb vegetables, leafy vegetables, brassica (cole) leafy vegetables, legume vegetables, fruiting vegetables, curcurbit vegetables, herbs and spices, citrus fruits, pome fruits, stone fruits, small fruits and berries, tree nuts."

2. In accordance with PR Notice 87-1, add a statement to the label that reads:

"Do not apply this product through any type of irrigation system."

3. In accordance with PR Notice 93-3, add the words "For terrestrial uses" to the beginning of the Environmental Hazards Statement.

MASSEN Disk #2 6/29/93

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

29.5

4. Please note that the change made to the PRECAUTIONARY STATEMENTS will be reviewed during the reregistration process and may be subject to revision at that time.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Note that this acceptance of your label does not relieve you of your obligation to comply with the Worker Protection Standard (WPS). If any of your products are covered by the WPS, you are required to submit, and receive the Agency's approval by April 21, 1994, of a revised label reflecting the required label statements of 40 CFR 156, published in the FEDERAL REGISTER of August 21, 1992 (57 FR 38102). Under the WPS labeling regulations at 40 CFR 156, subpart K, § 156.200(c)(3), you are prohibited from distributing or selling any product within the scope of the WPS requirements after April 21, 1994, without amended labeling accepted by the Agency.

If you have any questions about this letter, contact Barbara Madden at (703) 305-5410 or (703) 305-6600.

Sincerely yours,

Robert A. Forrest

WARNING
(See back panel for additional precautionary statements)

NET CONTENTS: 16 FL. OZ., 24 FL. OZ., 36 FL. OZ., 64 FL. OZ.,
1 GALLON, 3 GALLON, 5 GALLON, 55 GALLON

BACK PANEL:

Aphid-Mite Attack® Concentrate

Ringer® Aphid-Mite Attack® Concentrate can be used on the following
fruits, vegetables, flowers, shade, nut and fruit trees,
ornamentals, and indoor and greenhouse plants: foliage plants,
roses, succulents, houseplants, ornamental landscape trees and
shrubs, root and tuber vegetables, bulb vegetables, leafy
vegetables, brassica (cole) leafy vegetables, legume vegetables,
fruiting vegetables, curcurbit vegetables, herbs and spices, citrus
fruits, pome fruits, stone fruits, small fruits and berries, tree
nuts.

It is effective against all Mites, Aphids, Crickets, Earwigs,
Fungus Gnats, Lace Bugs, Leaf-Feeding Caterpillars and Beetles,
Leafhoppers, Mealybugs, Plant Bugs, Scales and Scale Crawlers,
Thrips and Whiteflies.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner
inconsistent with its labeling.

Aphid-Mite Attack® Concentrate provides best control when insects are newly hatched. It should be applied at first sighting of insects. Thorough coverage of both the tops and bottom of leaves is important. Spray leaves to the point of runoff. Excessive application is unnecessary and should be avoided. Do not spray foliage in full sun; spray in early morning or in the evening when temperatures are below 85°F.

SHAKE WELL BEFORE USE. Apply every 5 to 7 days when insects are present. Aphid-Mite Attack® MAY BE APPLIED UP TO THE DAY OF HARVEST. Keep container tightly covered to prevent evaporation.

APPLICATION RATE: Aphid-Mite Attack® can be applied with all types of hand or power sprayers. Read and carefully follow the instructions for the type of sprayer you use.

Mix with soft water whenever possible. For insects on most plants, mix 5 oz. (10 tbsp.) per gallon of water (Hose end sprayer automatically dilutes concentrate to 5 oz. per gallon). Use at half rate, 2½ oz. (5 tbsp.) per gallon, on delicate ferns or tender new growth. Do not use on nasturtium, sweetpea, violet, mountain ash, Japanese maple, horse chestnut or newly planted cuttings. Do not store diluted spray material. Rinse empty sprayer thoroughly after use.

COVERAGE: 16 FL OZ. - treats 8-10 ten foot trees. Makes 3.75 gallons. Use up to 3.75 gallons of diluted Aphid-Mite Attack® Concentrate to treat 8-10 ten foot trees.
24 FL OZ. - treats 12-15 ten foot trees. Makes 5.60 gallons. Use up to 5.60 gallons of diluted Aphid-Mite Attack® Concentrate to treat 12-15 ten foot trees.

32 FL OZ. Makes 7.50 gallons.
64 FL OZ. Makes 15.00 gallons.
1 gallon - Makes 30.00 gallons.
3 gallons - Makes 90.00 gallons.
5 gallons - Makes 150.00 gallons.
55 gallons - Makes 1650.00 gallons

PRECAUTIONARY STATEMENTS:
Hazards to humans and domestic animals:

WARNING: Concentrate causes severe eye and skin irritation. Harmful if inhaled. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

First Aid (Statement of practical treatment): *If in eyes:* flush immediately with plenty of fresh water, get medical attention. *If on skin:* flush immediately with plenty of water, get medical attention if irritation persists.

Environmental hazards: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark.

Physical and chemical hazards: Do not use or store near open flame.

STORAGE AND DISPOSAL:

Storage: Store securely under lock and key in a cool dry place. Do not contaminate water, food or feed by storage or disposal.

Disposal: Do not reuse empty containers. Rinse original container thoroughly and wrap in several layers of newspaper and discard in trash or according to local regulations.

Ringer Corporation will not accept liability for damage or injury resulting from misuse, and makes no warranty, express or implied, for any purpose other than those contained on this label.
