EPA Reg. No. 36534-2

HYDROCIDE 6

ACTIVE INGREDIENT:

Poly[oxyethylene(dimethyliminio)ethylene(dimethyliminio)-ethylene dichloride] 5.0 percent

INERT INGREDIENT: 95.0 percent

Weight per gallon 8.4 lbs.

Weight of active ingredient 0.42 lbs./gal.

DIRECTIONS

HYDROCIDE 6 is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using HYDROCIDE 6.

For pools having just visible algae growth add an initial dose of 165 to 255 fl. oz. of HYDROCIDE 6 per 10,000 gal. of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 90 to 165 fl. oz. of HYDROCIDE 6 per 10,000 gal. of water.

To maintain pools free of visible algae growth, subsequent additions of 30 to 60 fl. oz. of HYDROCIDE 6 per 10,000 gal. of water should be made every 5 to 7 days after the initial treatment.

Uniform distribution of HYDROCIDE 6 throughout the water in the pool is necessary for maximum effectiveness.

HYDROCIDE 6 is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. HYDROCIDE 6 can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix HYDROCIDE 6 with concentrated dry or liquid chlorine products.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed. Do not get in eyes. Avoid contact with skin. In case of contact flush with plenty of water for at least 15 minutes. If eye irritation persists get medical attention. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

Rinse empty container thoroughly with water and discard container. Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies. This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label.
