- e. Add a Statement of Practical Treatment heading and the following statements (if your toxicological data suggest otherwise, submit a draft Statement of Practical Treatment for prior approval):

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything to an unconscious person.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If In Eyes: Flush eyes with plenty of water. Contact a physician if irritation persists.

Note: If adequate space is not available on the product label for small sized containers, you may incorporate the above statements under the Precautionary Statements section.

3. The 30-day elevated temperature Storage Stability study is acceptable for the purposes of Conditional Registration; the 1-year ambient temperature study must be submitted upon completion.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
