DIRECTIONS FOR USE

SHAKE WELL BEFORE USING

To operate, hold container upright about 2-4 inches from animal's hair. Point nozzle toward animal and spray until coat gets an even covering of KITTEN-PUPPY MIST. Use a firm, fast stroke to get a proper spray mist until coat is damp. It may be advantageous, especially on long haired animals to rub the hand against the lay of the hair, misting into the ruffled hair area directly behind the hand. Repeat treatment daily if necessary.

Thoroughly mist interior of kennel or animal sleeping quarters. Also spray bedding if necessary.

FOR VETERINARY USE ONLY.
