8 WEEKS OF AGE.**

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To operate, hold container upright 2-4 inches from animal's hair. Point nozzle toward animal and spray a fine mist until animal's coat obtains an even coating of SUPER VETA FLEA & TICK KILLER for Cats and Dogs. Use a firm, fast stroke to obtain a proper spray mist. Spray until coat of animal is damp. It may be advantageous, especially on long haired animals, to rub the hand against the lay of the hair, spraying into the ruffled hair directly behind the hand. Repeat treatment as necessary, making certain spray wets ticks. Spray solution on hand and rub into facial areas. May also be sprayed on a brush and worked into the coat. Where flea infestation is heavy, bathe first in soothing ALOE-PET SHAMPOO. Repeat misting daily if needed. Thoroughly spray interior of animal's sleeping quarters. Also spray bedding and replace with fresh bedding if necessary. Where animal is present, spray lightly into air.
