NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

**DEFENSE 1 WASP & HORNET KILLER**

**PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Avoid contact with eyes or clothing. Wash thoroughly after handling. Harmful if swallowed. Cover and remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

**FIRST AID:** If in eyes: Flush with water for 15 minutes. Seek medical attention if irritation persists.

**PHYSICAL AND CHEMICAL HAZARDS:** Contents under pressure. Do not puncture. Do not use or store near open flame. Exposure to temperatures above 130°F cause bursting. Never throw container into fire or incinerator.

**STORAGE:** Keep in locked storage area.

**CONTAINER DISPOSAL:** Replace cap and discard contents in trash.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Remove protective cap. Aim spray opening away from person. Push button to spray.

**FOR USE IN AND AROUND HOMES, GREENHOUSES, OFFICES, COMMERCIAL AND INDUSTRIAL BUILDINGS:**

**INDOORS:** To kill wasps, hornets, yellow jackets. Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, particularly under rafters, contacting as many insects as possible. Saturate areas in and around nest openings. Repeat as necessary.

To kill spiders—Spray directly on these pests and repeated applications to the webbing and all cracks and crevices which harbor spiders.

**OUTDOORS:** To kill wasps, hornets, yellow jackets. Application should be made in late evening when insects are at rest. Aim spray at nest openings in trees, bushes, eaves, chimneys, cracks and crevices to saturate in and around nest openings. Contact as many insects as possible. Repeat as necessary.

To kill spiders—same as directed for indoor applications.

To kill Tent Caterpillars—Applications should be made when caterpillars are young and tents are first noticed. For best results apply in the late afternoon or evening when caterpillars have returned to their tents. Aim spray directly at tents and totally saturate on all sides. Repeat as necessary.

**LIABILITY STATEMENT**

Our recommendations for use of this product are based upon tests believed to be the best of this product being held in the control of the manufacturer, no responsibility or implied is made as to the effects of such use or the results to be obtained. Use in accordance with directions or other safe practices. The buyer shall assume responsibility including liability or damage resulting from its misuse or overuse or from other causes.
