DEFENSE 3 ROACH & ANT

DOUBLE ACTION INSECT KILLER—This is a dual purpose spray used as a contact spray against flying and crawling insects and as a residual spray for up to 3 to 4 weeks of control of roaches.

FOR USE IN AND AROUND HOMES, GREENHOUSES, AND INDUSTRIAL BUILDINGS.

KILLS: Houseflies, mosquitoes, gnats, wasps, roaches, earwigs, spiders, centipedes, ants, biting flies, aphids (on indoor plants), adult whiteflies, plant bugs, Japanese beetles.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Shake well before each use. Aim spray opening away from person. Push button to spray.

HOUSEFLIES, MOSQUITOES AND GNATS:
Indoors: Close all doors and windows. Point nozzle upward and spray all parts of the room, especially windows and other light sources. For the room with most, then leave the treated area for at least 15 minutes. Ventilate the room when treatment is complete.

TO REDUCE ABNORMALLY HIGH FLYING INSECTS:
Outdoors: Reduce mosquitoes, gnats (midges), houseflies, moths (millers) by spraying their resting areas. Follow product label directions. Hold container 18 to 24 inches from shrubs, bushes and grasses and move in a slow sweeping motion at the rate of 1 to 2 feet of space while moving away from the treated areas. To treat flying insects, treat open porches and patios in a similar manner when the air is still. Allow spray to dissipate before occupancy. Repeat as necessary.

ROACHES, EARWIGS, GRAY BITES, BOWBUGS, SPIDERS:
Contact Spray: Spray thoroughly into hiding places such as cracks, crevices, openings around pipes and sinks, under refrigerator and other areas. Spray directly on insects where possible. Repeat as necessary.

ROACHES, EARWIGS, GRAY BITES, BOWBUGS, SPIDERS:
Residual Spray: Spray baseboards, cracks and crevices, door frames and other hiding places such as closets, in back of stoves and cupboards in the kitchen and bathroom. In places in cracks and crevices, lower walls, and dark places. Apply 1/2 ounce per linear foot at a distance of 12 to 14 inches. Repeat as necessary.

WASPS: Applications should be made in the late evening. Spray liberally into hiding and breeding places, contacting insects. Repeat as necessary.

ANTS: Apply to ant trails and around door sills, window sills, and other areas where ants may enter.

ORNAMENTAL PLANT PESTS: Spray aphids, exposed thrips, mealybugs, spider mites, Japanese beetles, nematode larvae, and other insects by holding the nozzle 18 to 24 inches from the infested plants. Spray in short bursts of one to two seconds at the rate of one linear foot of growth per second. Direct spray at foliage and slightly moist. Avoid heavy wetting. Repeat as necessary. **USE WITH CAUTION** on the foliage of Flowering Quince, Juniper, Ash, Cotoneaster, Rose, Camelia, Azalea, Pyracantha and varietals have shown some leaf-browsing.

CAUTION: KEEP OUT OF REACH OF CHILDREN Harmful if swallowed. Avoid contamination of feed and food. Do not use on or near heat or open flame. Exposure to skin may cause irritation. Never throw container into fire or incinerator. **STORAGE:** Keep in original storage container. **CONTAINER DISPOSAL:** Recycle (22) and (15) for (15) and (15).

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Exposure to skin may cause irritation. Never throw container into fire or incinerator.

STORAGE: Keep in original storage container.

CONTAINER DISPOSAL: Recycle (22) and (15) for (15) and (15).

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 45087-33" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
