This DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria and pathogenic fungi.

This DISINFECTANT is also an excellent deodorant. It is especially advantageous to control odors that are bacterial in origin.

This DISINFECTANT mixes readily with water and makes a clear, stable solution. In use dilution, it is non-corrosive and non-staining to plastic, vinyl synthetics, enamel, tile and most common metals. Has a pleasant lemon odor.
