 18/05LS.
 161

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 37023-5."
 - b. Add to your Hazards To Humans paragraph the statement "Harmful if swallowed."
 - c. Your Physical or Chemical Hazards paragraph must be placed after your Environmental Hazards paragraph.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL <i>Lawrence J. Schnaubelt</i>	DATE JUN 17 1986
--	---------------------

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Lawrence J. Schnaubelt
Acting Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Enclosures

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

PRECAUTIONARY STATEMENTS - HAZARDOUS TO HUMANS

Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling.

In the home, all food processing surfaces and utensils should be covered during treatment and washed before use. Cover exposed food.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by sticking back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If in eyes - Flush eyes with plenty of water.

If on skin - In case of contact, remove contaminated clothing and immediately wash skin with plenty of soap and water.

NOTE TO PHYSICIANS: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.
Do not store below 32° degrees F.

ENVIRONMENTAL HAZARDS

Flea-Rid House and Carpet Spray is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not apply where run off is likely to occur. Do not apply when weather conditions favor drift from area treated. Do not contaminate water by cleaning of equipment or disposal of waste. This product is toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. APPLICATION OF THIS PRODUCT IN FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

NOTICE: Seller warrants that the product conforms to its chemical description and reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty or implied extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not foreseeable to seller and buyer assumes the risk of any such use.

PESTS OUT OF DOORS

Flea, Mosquitoes: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screen doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat as necessary.

Ants, Brown dog ticks, crickets, fleas and sowbugs: For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly seal hills and runways. Repeat applications as infestations warrant and as reinfestation occur.
