## DIRECTIONS FOR USE General Classification

This classification of Federal Law to use this product in a manner inconsistent with its labeling.

Strike Bac Detergent/Disinfectant 102 has been designed specifically for hospitals, nursing homes, hotels, and other institutions where housekeeping is of prime importance.

**DISINFECTION:** For all hard nonporous surfaces (such as walls, floors, table tops), add 1 ounce Strike Bac per gallon of water. Apply solution with mop, cloth, or sponge or mechanical sprayer. Let surfaces remain wet for 10 minutes and then let air dry.

**For toilet bowls:** Flush toilet, add 1 ounce Strike Bac directly to the bowl water. Swab the toilet completely with toilet brush, making sure to get under the rim. Let stand for 10 minutes and flush.

**For breakable areas:** A pre-rinsing step is required and recommended. Prepare a fresh solution for each use. For mildew on pre-cleaned hard nonporous surfaces (such as floors, walls, etc.) add 1 ounce Strike Bac per gallon of water. Apply solution with a cloth, mop, or sponge making sure to cover surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals when mildew or mold reappears.

For breakable items, such as drinking glasses, eating utensils, immerse in 200 ppm Strike Bac solution for 10 minutes. Rinse completely. Immerse completely.

## PRECAUTIONARY STATEMENTS

Hazard to Human and Domestic Animals

Keep out of reach of children. Causes severe eye and skin damage. Do not get in eyes, skin, or clothing. Wash with soap and water. For first aid, get medical attention when handling. Avoid contamination of food and wash contaminated clothing.

## STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, flush continuously and wash contaminated clothing before reuse. If swallowed, drink egg whites or milk. Do not induce vomiting. Drink large quantities of water. Call a physician.

## NOTE TO PHYSICIAN

Strike Bac Detergent/Disinfectant 102 is a quaternary ammonium compound. Measures against secondary skin infections. For first aid, get medical attention.
