AUG 31 1995

Attention: Robert Munion
Vice President

Subject: Strike Bac Step One Disinfectant
EPA Registration Number 37265-37
Your Submission Dated June 30, 1995
EPA Receive Date July 11, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, to update your label in accordance with PR Notice 95-1 will be acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended label.

Add the heading to your label "Environmental Hazards" and add the statements "This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA."

This "Environmental Hazards" section should be placed under the Precautionary Statements section. Therefore, you will now have two subheadings under the Precautionary Statements i.e., "Hazards to Humans and Domestic Animals", and "Environmental Hazards." The Storage and Disposal section should be made part of the Directions for Use.

NET 55 GALLONS

Strike Bac Step One Disinfectant has been formulated to aid in the reduction of cross-contamination in institutions, schools and hospitals.

Strike Bac Step One Disinfectant cleaner is effective against a broad spectrum of bacteria, is virucidal, fungicidal, and will prevent the growth of mold and mildew

and their odors when used as directed. Strike Bac Step One Disinfectant is an effective one step sanitizer-cleaner for use on non-food contact surfaces. When used as directed, Strike Bac One Step Disinfectant will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacteria growth can cause mal odors.

Precautionary Statements Hazardous to Human and Domestic Animals

DANGER

Keep out of reach of children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place away from any moisture or direct sunlight. Do not stack over 4 cases high. Open containers carefully followed by immediate closure once diluted. If leaked or spilled, soak up material separate and away from other pesticides, fertilizer, food and feed.

PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide, spray mixture, or rinse water that cannot be used according to Federal or approved State procedures under subtitle C of the Resource Conservation and Recovery Act. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty container. Plastic Containers. Triple rinse (or equivalent) then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by state and local authorities. If burned, stay away from smoke.

Directions For Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced on any surface or body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

Strike Bac Step One Disinfectant is a proven one-step cleaner-disinfectant-sanitizer-fungicide-mildewstat-virucide in the presence of moderate amounts of organic soil.

Apply Strike Bac Step One Disinfectant to walls, floors and other hard (inanimate) non-porous surface such as tables, chairs, countertops, sinks and bedframes with a cloth, mop, or mechanical spray device so as to thoroughly wet

all surfaces. For heavily soiled surfaces, use a fresh solution daily, or when soiled. **Disinfection:** To disinfect hard non-porous surfaces, use 1 ounce per gallon of water. Treated surfaces should be used at a 100 ppm use-level, Strike Bac Step One Disinfectant. At 1 ounce per gallon, Strike Bac Step One Disinfectant will disinfect hard non-porous surfaces in institutions.

Sanitizing: To sanitize porous surfaces, use 1 ounce per gallon of water. Treat floors, walls, and nursing home rooms. For Hospitals and nursing homes, use a 100 ppm spectrum of Strike Bac Step One Disinfectant. presence of 5% serum and found to be effective by the AOAC Use-Dilution test.

Pseudomonas aeruginosa-E

Staphylococcus Aureus-S
Brevibacterium Ammonio
Pneumoniae

AOAC Fungicidal Test
Strike Bac Step One Disinfectant is effective against Trichophyton Mentagrophytes on surfaces in areas such as locker rooms, exercise facilities, etc.

Mold and Mildew Control
At 1/2 oz. per gallon Strike Bac Step One Disinfectant will control the growth of mold and mildew on non-porous surfaces (as indicated on label) and repeat when mildew appears.

Virucidal Performances
*At 1 oz. per gallon use-level, Strike Bac Step One Disinfectant is effective in the presence of 5% serum against Virus on inanimate environments. For Schools, non-medical institutions, floors, walls, tables, etc.)

At 1 oz. per gallon of water, Strike Bac Step One Disinfectant is an effective sanitizer against Staphylococcus aureus. presence of 5% serum on porous surfaces. Do not discharge effluent containing this product into estuaries, oceans or other receiving waters. National Pollutant Discharge Elimination Act. If you are a discharging authority has been notified by the local sewage treatment plant. State Water Board or Regional
