Attention: Robert Munion  
Vice President

Subject: Strike Bac Lemon Odor Disinfectant  
EPA Registration No. 37265-49  
MOU Compliance Amendment dated September 6, 1994

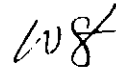

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes listed below before you release the product for shipping bearing the amended label.

1. Revise the wording "Use Directions General Classification" to read "Directions for Use".
2. Revise the wording "High-leveling disinfectant" to read "High-level disinfectant".
3. Remove milk, raw egg whites, and gelatin solution from the Statement of Practical Treatment.
4. Delete the statement "Only For Sale To, Use and Storage By Service Persons".

A stamped copy of the labeling is enclosed for your records. Submit 5 copies of the final label prior to releasing the product for marketing.

If you have any question concerning this letter, please contact Wanda Mitchell at (703) 305-6141.

Sincerely yours,

Walter C. Francis  
Acting Product Manager (31)  
Antimicrobial Program Branch  
Registration Division (7505C)

This DISINFECTANT reduces the surface tension of water, improves mass reproduction in sub-visible pores, scratches and cracks. STRIKE BAC LEMON ODOR DISINFECTANT improves the penetration of otherwise might not be reached. THIS DISINFECTANT is effective against gram-positive and gram-negative bacteria. It is also an excellent deodorant and is safe for use on surfaces that are bacterial in origin. Has a pleasant lemon odor. THIS DISINFECTANT forms clear, stable use solutions. Use solutions are non-corrosive and safe for use on enamel, tile, and most common metals.

### USE DIRECTIONS GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with the label. This product is not to be used as a terminal sterilant/high-leveling disinfectant that (1) is introduced directly into the human body, either into or in contact with sterile areas of the body, or (2) contacts intact mucous membranes, the blood barrier or otherwise enter normally sterile areas of the body or decontaminate critical or semi-critical medical devices prior to sterilization.

### APPLICATION

Select the proper dilution of STRIKE BAC LEMON ODOR DISINFECTANT. Apply the use solution with a clean mop, cloth, squeegee, or spraying device.

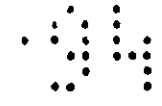

Prepare fresh use solution daily. Do not reuse solutions. Discard solutions after 24 hours. For disinfection, thoroughly wet the surface to be treated. Surfaces should be clean to assure proper germicidal action. If desired, surfaces may then be cleaned with a clean, damp cloth to remove suspended soils. This product may be used on non-porous inanimate surfaces (glass, metal, glazed porcelain, enamel, and finished wood surfaces) on walls, floors, appliances and fixtures.

### CLEANING

To clean and deodorize or to preclean prior to disinfection. Deeply cleaned, use 8 oz to 16 oz of STRIKE BAC LEMON ODOR DISINFECTANT.

### DISINFECTION

Hospitals, veterinary clinics, nursing homes. Use 1 part of STRIKE BAC LEMON ODOR DISINFECTANT to 22 parts of water (5% oz /gal, approximately 1 qt. To 5 gallons.) For heavily soiled areas, disinfect with STRIKE BAC LEMON ODOR DISINFECTANT at 1 part to 10 parts of water.

Industrial Areas, Barber Shops, Restrooms, Restaurants, Food and Meat Processing Plants (Non-Food Processing Areas), other Non-Medical Uses: Pre-clean surfaces. Then disinfect with a solution of 1 part product in 50 parts of water (2 1/2 oz./gal.). Alternatively, clean and disinfect in one operation using 5 1/4 oz. of this product per gallon of water.

For deodorizing garbage cans, garbage trucks, industrial waste receptacles and garbage handling equipment. It is especially important to pre-clean for the product to perform properly. Then, apply a wetting concentration of 12 oz. of STRIKE BAC LEMON ODOR DISINFECTANT per gallon of water.

For mildew control. Follow directions for hospital disinfection. Repeat treatment every seven days or when new growth appears.

STRIKE BAC LEMON ODOR DISINFECTANT must be used through automatic floor scrubbing equipment.

STRIKE BAC LEMON ODOR DISINFECTANT must not be used on food contact surfaces.

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**STORAGE AND DISPOSAL**

**STORAGE:** Store in cool, dry place away from any moisture or direct sunlight. Do not stack over 4 cases high. Open containers carefully followed by immediate closure once diluted. If leaked or spilled, soak up material separate and away from other pesticides, fertilizer, food and feed.

**PESTICIDE DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved State procedures under subtitle C of the Resource Conservation and Recovery Act. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Do not reuse empty container. Plastic Containers: Triple rinse (or equivalent) then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration, if allowed by state and local authorities. If burned, stay away from smoke.

**WARNING:**

Causes eye and skin irritation. Do not get in eyes, on skin, or clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with NPDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.
