## POLYURETHANE

# Stain and Wood PRESERVATIVE

**WHAT IT IS:** Red Devil Stain and Wood Preservative is made on a urethane base which combines durable lightfast pigments with a highly effective fungicide and water repellent.

**WHAT IT DOES:** Protects and beautifies wood. Helps keep wood safe from rot, mildew discoloration, warping and swelling.

**HOW TO USE:** Stir can thoroughly before using and occasionally during use. Apply on clean, dry unprimed wood or wood previously stained. Apply liberally by brush, roller, spray or dip. When dipping, allow wood to be immersed five minutes. Thoroughly cover cut ends and joints. For best results, apply between 40°-90°F. away from hot sunlight. Not effective on abraded plywood.

The greater the amount of preservative absorbed by the wood, the more effective the protection. Dries to touch rapidly. Thorough drying requires 24 hours. If desired, a second coat may be applied at any time after the initial application.

The colors shown on this label may vary slightly from the finished results due to differences in type and porosity of wood.

# RED DEVIL POLYURETHANE

# Stain and V PRESERVA

**COVERAGE:** Approximately 400 square feet per gallon. Coverage can vary depending upon method of application and roughness of wood.

**CLEAN-UP:** Clean equipment promptly with Red Devil Brush Cleaner or mineral spirits.

**CAUTION:** Contains Petroleum Distillates. Harmful if swallowed. If swallowed do not induce vomiting. Call physician immediately. Avoid contact with skin, eyes or clothing. In case of contact, immediately remove contaminated clothing and wash skin with soap and water; for eyes flush with water and get medical attention. Wash clothing before reuse. Do not reuse container. Destroy it by perforating or crushing. Bury or discard in a safe place.

This product is Toxic to fish. Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of waste. Apply this product only as specified on this label.

**DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.**
