

BIODERM 100

ANTIMICROBIAL Flake Form

ACCEPTED

An antimicrobial for formulating use, for repackaging, and for the manufacture of industrial materials to control fungi and bacteria.

Active Ingredient:

Sodium o-Phenylphenate • 4H₂O 97%
Inert Ingredients 3%

If exposed to air this material may give a cloudy solution in water. Such cloudiness may be minimized by adding sufficient caustic.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

NOTE: Refer to Directions in Technical Bulletin for BIODERM 100 ANTIMICROBIAL Before Handling or Using

DANGER

KEEP OUT OF REACH
OF CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 min. For eyes, call a physician. Remove and wash contaminated clothing before resue. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
