Precautionary Statement CAUTION

HUMAN: Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contamination of food. Wash hands with soap and water after using.

ANIMAL: Avoid treatment of nursing kittens and puppies. If treatment is necessary, follow label instructions.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not add directly to water. Do not apply where runoff is likely to occur.

PHYSICAL OR CHEMICAL HAZARDS: FLAMMABLE. Keep away from heat and open flame. Contains alcohol. Do not put on finished wood surfaces.

DIRECTIONS FOR USE CATS AND DOGS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use Only in a Well Ventilated Area

Remove safety cap and insert sprayer. Cover animal's eyes with hand and with a firm, fast stroke to get a proper spray mist. Spray head, ears and chest until damp. With finger tips rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Repeat treatment as needed.

Directions for Use (continued):

NURSING PUPPIES AND KITTENS

Spray only along back or on your finger tips and rub into coat.

PETS' SLEEPING QUARTERS

Spray around baseboards, windows, door frames, wall cracks and local area of floors if mosquitoes, gnats or flies are present. Spray lightly into the air. Repeat as needed. The pet's bedding should be sprayed, making sure the area beneath the bedding is also sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with one of our registered flea and tick control products before allowing them to enter treated area.

HORSES

To control stable flies, horse flies, deer flies and face flies, apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Repeat treatment as needed.

STORAGE AND DISPOSAL

STORAGE: Store in cool area away from heat or open flame. Do not contaminate water, food or feed by storage or disposal. Do not transfer contents to another container.

DISPOSAL: Do not re-use empty container. Rinse thoroughly and wrap container in several layers of newspaper and discard in trash.

Sold Only Through Licensed Veterinarians
