

Sheet No. 1-4

ADAMS ACID BOWL CLEANER is a concentrated acid disinfectant bathroom toilet bowl cleaner designed for institutional and hospital use. This disinfectant toilet bowl cleaner is especially formulated to kill many germs commonly found in hospitals, industrial, and household environments. ADAMS ACID BOWL CLEANER contains a high level of acid together with an acid compatible detergent system. This unusual combination facilitates the easy removal of resistant stains and permits its disinfectant action.

When used as directed, ADAMS ACID BOWL CLEANER cleans, disinfects and deodorizes in one easy step.

Precautionary Statements

Hazards to Humans and Domestic Animals

DANGER

Corrosive. Keep Out of Reach of Children. May be fatal or harmful if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing.

Hydrogen chloride	17.500%
Inert Ingredients	
	80.000%
	100.000%

Contains no phosphate compounds

KEEP OUT OF REACH OF CHILDREN

DANGER POISON

Statement of Practical Treatment

If swallowed call a physician immediately. Drink a teaspoonful or more of milk or magnesia or a cup of soapy water followed with milk or raw egg whites.

Eye Contact: Wash with water for 15 minutes. Get prompt medical attention.

Skin Contact: Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Flush toilet. Add 1 fluid oz. (2 tablespoons) directly to water in toilet bowl (1/4 gallon). Brush to cover all interior surfaces of the bowl including under the rim. Allow disinfectant solution to remain at least 10 minutes. Flush toilet.

For heavily soiled areas, a preliminary cleaning may be required.

For badly stained bowls, repeat above treatment using 2 to 4 fluid ounces of ADAMS ACID BOWL CLEANER.

For use in urinals, add 1 fluid oz. (2 tablespoons) to 1/4 gallon of water. Apply by brush to all urinal surfaces. Allow disinfectant solution to remain at least 10 minutes. Flush.

At 1 oz. per 1/4 gallon use-level, the broad spectrum activity of ADAMS ACID BOWL CLEANER against micro-organisms commonly found in toilet bowls and urinals has been evaluated in the presence of 5% serum and found to be effective against the following organisms by the AOAC Use-Dilution test.

Pseudomonas aeruginosa *Staphylococcus aureus*
Escherichia coli *Streptococcus faecalis*
Shigella dysenteriae

Special Note:

The cationic detergent system of ADAMS ACID BOWL CLEANER inhibits the acid corrosion of metal parts found around toilet bowls and urinals.
