ADAMSTM PAN SAN

This concentration is of major disinfecting use, not only in hospitals, but in homes, institutions and industry. ADAMS PAN SAN is formulated for the common use, it kills germs and destroys viruses, and it should be used to disinfect. It has a strong disinfecting action and reduces the hazard of re-contamination.

When used as directed, ADAMS PAN SAN will disinfect toilet areas, floors and under sinks and drains, garbage cans and garbage storage areas, and other places where bacterial growth can cause infection. Prevents odors caused by mold and mildew.

The product is recommended to use because it is highly concentrated and should be handled with care.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER

Severe: Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Immediately if swallowed. Avoid contamination of food.

GENERAL
 Consult Federal, State or Local health authorities for approved disinfection procedures such as listed upon labeling.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ADAMS PAN SAN is a proven "one step" cleaner-disinfectant-antibacterial-fungicide-viricide in the presence of moisture amounts of organic soil.

Apply ADAMS PAN SAN to walls, floors and other hard (nonporous) surfaces such as toilet, sinks, shower, drains and built-in with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, it is necessary to scrub or scour. Prepare a fresh solution daily or when used solution becomes visibly dirty.

DISINFECTION: To disinfect hard, nonporous surfaces, add 16 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes. At this wet level, ADAMS PAN SAN is also virucidal and fungicidal.

CAUTION: To sanitize porous or nonporous, non-hard surfaces, add 16 oz. per gallon of water.

POWER CONCENTRATED GERMICIDE BASED ON A UNIQUE BLEND OF QUATERNARIES WITH ORGANIC SOIL LOAD TOLERANCE
CLEANER - DISINFECTANT - DEODORIZER - FUNGICIDE - VIRICIDE
SANITIZER FOR HOSPITAL AND INSTITUTIONAL USE

ACTIVE INGREDIENTS

Octyl Dodecyl Dimethyl Ammonium Chloride	3.750%
Dodecyl Dimethyl Ammonium Chloride	1.875%
Dodecyl Dimethyl Ammonium Chloride	1.875%
Amyl C14, C12, C10, C16, C18, C20, C22, C24, C26, C28, C30, C32, C34, C36, C38, C40, C42, C44, C46, C48, C50, C52, C54, C56, C58, C60, C62, C64, C66, C68, C70, C72, C74, C76, C78, C80, C82, C84, C86, C88, C90, C92, C94, C96, C98, C100	5.000%
Tetradecyl Dimethyl Ammonium Chloride	3.000%
TOTAL	15.500%

KEEP OUT OF REACH OF CHILDREN

DANGER

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PESTICIDE: Pesticide misuse damage may compromise the use of quasi-toxic. However, Adams' disinfectant, as well as oxygen and moisture to support breathing manually or mechanically may be necessary. If persistent, consult with the local health department or a professional pest control firm.
