Subject: Label Revisions per Carbaryl Notice Dated 1 Oct 1996
Adams Flea and Tick Dust, EPA Reg. No. 37425-13
Mycodex Pet Shampoo with Carbaryl, EPA Reg. No. 2097-8
Adams Carbaryl Flea & Tick Shampoo, EPA Reg. No. 2097-8

Dear Mr. Baker:

The labeling revisions referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, are acceptable provided that you make the labeling changes indicated below before you release the products for shipment bearing the amended labels:

1. In each of the above three labels change the wording under the heading "Animal" from the present age of 4 weeks to 12 weeks for treatment of puppies or kittens.

2. In the Adams Flea & Tick Dust II label change the wording in the center of the label just above the Active Ingredients listing to "FOR DOGS*PUPPIES*CATS*KITTENS** Over 12 Weeks of Age".

Submit two copies of your final printed labeling for each of the above products before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the above three labels is enclosed for your records.

Sincerely,

George Tompkins

George Tompkins, Ph.D., Entomologist
Insecticide-Rodenticide Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
CAUTION

HUMAN: Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

ANIMAL: Avoid treatment of nursing animals. Do not treat puppies or kittens under 4 weeks of age. Avoid contaminating animal's food or water.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DOGS AND CATS: Use product only outside or in a well-ventilated area. Wearing household latex or rubber gloves, dust entire animal, avoiding pet's eyes, nose, mouth and genital areas. Rub or brush pet's hair to work dust down to the skin. Do not use on pregnant dogs. Do not repeat treatment more than once per week. Dust bedding and doghouse using a shaker can or other dust applicator.

This product should not be applied by children.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.
