

ADAMS™ **A° 14 DAY RESIDUAL FLEA AND TICK MIST A**

PRECAUTIONARY STATEMENTS **Hazards to Humans and Domestic Animals** **WARNING**

Use Only in a Well Ventilated Area

HUMAN: Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contamination of food. Wash hands with soap and water after using. May cause eye injury. Wear safety glasses or other protective eye wear.

ANIMAL: Avoid treatment of nursing kittens and puppies. If treatment is necessary follow special instructions. Do not oversaturate, especially on cats. Avoid spraying of genital areas.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not add directly to water. Do not apply where runoff is likely to occur.

PHYSICAL OR CHEMICAL HAZARDS: FLAMMABLE. Keep away from heat and open flame. Contains alcohol. Do not apply to painted or brushed wood surfaces.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Contact a physician immediately.
IF ON SKIN: Wash with soap and water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL USE

DOGS AND CATS

Remove safety cap and insert sprayer. Cover animal's eyes with hand and with a firm, fast stroke to get a proper spray mist. Spray head, ears and chest.

INSECTICIDE, REPELLENT & DEODORANT **FOR DOGS • PUPPIES • CATS • KITTENS** **KILLS**

FLEAS • LICE • TICKS

TEMPORARILY REPELS GNATS • FLIES • MOSQUITOES

ACTIVE INGREDIENTS:

Pyrethrins	0.15%
*Piperonyl butoxide, technical	0.37%
N-Octyl bicycloheptene dicarboximide	1.00%

**INERT INGREDIENTS	97.48%

TOTAL 100.00%

*Equivalent to 0.296% of butylcarbyl (5-propylpiperonyl) ether and 0.074% of related compounds.

**Inert ingredients include grooming additives to ease combing and brushing of the coat to remove dead fleas, ticks and lice.

KEEP OUT OF REACH OF CHILDREN **WARNING**

See Side Panel for Precautionary Statements

EPA Est. No. 37425-FL-1

EPA Reg. No. 37425-16

Net Contents 16 fl. oz./473 ml

Directions For Use (continued):

until damp. With fingertips, rub into face around mouth, nose and eyes. Next spray neck, middle and hindquarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Depending on reinfestation levels in the pet's environment, extended insecticide and repellent actions of up to 14 days have been demonstrated with ADAMS 14 DAY RESIDUAL FLEA AND TICK MIST, containing stabilized pyrethrins.* Repeat treatment as needed.

PUPPIES AND KITTENS

Spray only along animal's back, or on your fingertips and massage into animal's fur.

PET'S ENVIRONMENT

For comprehensive control of fleas and ticks, it is essential to control both eggs and larvae which occur both indoors and outdoors. If environment infestation is severe, we recommend the use of ADAMS ANTI-CRAWL,* granules spray on all flooring, carpets and bedding that are accessible to your pet. Outdoor areas such as patios, lawns, porches, patios and gravel areas should be treated similarly with ADAMS SURFACE SPRAY to afford complete protection.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Do not transfer contents to other containers.

DISPOSAL: Do not reuse container. Rinse thoroughly and wrap container in several layers of newspaper and discard in trash.

Sold Only Through Licensed Veterinarians
