Dear Mr. Wagner:

Subject: Adams Caniderm Mist
EPA Reg. No. 37425-18
Your application of April 18, 1988

Your labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Phil Hutton
Note: Because of the poor photo reproductibility of your labeling, you must submit five (5) copies of your improved final printed labels.

EPA Est. No. 37425-PL-1 EPA Reg. No. 37425-18

Net Contents 16 FL. OZ./473 ml

Directions For Use (continued):

DOGS

Remove safety cap and insert sprayer. Cover animal's eyes with hand and with a firm, fast stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Next spray neck, middle and hindquarters. Finishing legs. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long-haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Allow CANIDERM MIST™ to remain on animal for 5 minutes then towel dry, brush and comb to remove dead fleas and ticks. Repeat treatment as needed.

PUPPIES

Treat same as adult dogs, spray only along back or on your finger tips and rub in with your finger tips. See precautionary statement for nursing puppies.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame. Do not contaminate water, food or feed by storage or disposal. Do not transfer contents to another container.
DISPOSAL: Do not re-use empty container. Rinse thoroughly and wrap container in several layers of newspaper and discard in trash.
