

PRECAUTIONARY
STATEMENTS
Hazards to Humans
and Domestic Animals

WARNING

HUMAN: Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ANIMAL: Avoid treatment of nursing puppies and kittens. If treatment is necessary, consult your veterinarian. Do not oversaturate, especially on cats. Avoid spraying of genital areas. Use of this product is contraindicated in animals with known liver disease. Some animals may be sensitive to ingredients in this product. Following treatment observe your pet for possible signs of sensibility or adverse reactions to the product, such as non-formed feces, tremors, hyperactivity, excessive salivation, gastrointestinal disorders, decreased or no food consumption, body weight loss, or reduced body weight gain.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not add directly to water. Do not apply where runoff is likely to occur.

PHYSICAL OR CHEMICAL HAZARDS: FLAMMABLE. Keep away from heat and open flame. Contains alcohol. Do not apply to painted or finished wood surfaces

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Only in a Well Ventilated Area

DOGS AND CATS

To prevent harm to you or your pet, read entire label before use. Consult your veterinarian before using this product on pregnant or lactating females, old, sick, or debilitated animals, or on animals undergoing drug or other pesticide treatment. Cover animal's eyes with hand and with a firm, fast stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Then spray neck, middle and hindquarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long-haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Repeat treatment as needed.

**Mycodex FastAct WP
Flea & Tick Spray with Nylar**

APR 10 1997

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under
EPA Reg. No. 37425-44

NURSING PUPPIES
AND KITTENS

Avoid treatment of pets under 6 weeks of age. If treatment is necessary, spray only along pet's back or on your fingertips and massage into fur.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Call Physician. Flush eyes with gentle stream of water for 15 minutes.

IF SWALLOWED: Call Physician or Poison Control Center. Drink promptly a large quantity of milk, egg white, or gelatin mixture, or if these are unavailable a large quantity of water.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

If animal has adverse effects after the use of this product, discontinue use and immediately seek veterinary advice.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat and open flame.

DISPOSAL: Do not reuse container. Rinse thoroughly and wrap container in several layers of newspaper and discard in trash.
