Subject: TropiClear Tablets
EPA Registration No. 37655-5
Application Date: May 17, 2011
EPA Receipt Date: May 18, 2011

Dear Ms. Warkentien:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with conditions.

Proposed Amendment:

- Label Amendment and Primary Brand Name change to "TropiClear Tablets"

Conditions:

1. On page 2, delete the precautionary language for containers less than or equal to 5 gallons or 50 pounds. The proposed precautionary language currently listed for containers greater than 5 gallons or 50 pounds must be used for all containers, regardless of size.
2. On page 4, revise the Directions for Use to be consistent with the referenced product's labeling language.
3. On page 5, revise the household Storage and Disposal directions to be consistent with the referenced product's labeling language.

General Comments:

A stamped copy of the labeling accepted with comments is enclosed. Submit 1 copy of your final printed label before distributing or selling the product bearing the revised labeling.

TROPICLEAR TABLETS

- [TropiClear Logo: Sun-Water-Palm Tree]
- [3" Jumbo Tablets]
- [3" Tablets]
- [Individually Wrapped Tablets]
- [Unwrapped Tablets]
- [Concentrated]
- [Long Lasting]
- [Chlorinating Tablets]
- [Swimming Pool Sanitizer]
- [Slow Dissolving]
- [Controls Bacteria and Algae]
- [For Feeder and Floater Application]
- [For Use in All Pool Types]
- [Stabilized Chlorinating Tablets]

ACCEPTED
with COMMENTS
in EPA Letter Dated:

AUG 10 2011

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 37655-5

ACTIVE INGREDIENT

Trichloro-s-triazinetriene* 99.0%

INERT INGREDIENTS 1.0%

TOTAL 100.0%

*Provides 90% Available Chlorine

**KEEP OUT OF REACH OF CHILDREN
DANGER**

PRECAUTIONARY STATEMENTS**Hazard to Humans and Domestic Animals****{For product packaged in >5 gal or >50 lb}**

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. Harmful if swallowed. Do not get in eyes or on clothing. May be fatal if inhaled. Avoid breathing dust or fumes. Wear protective eyewear (goggles and face shield). Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear chemically resistant coveralls (or apron) over long-sleeved shirt and long pants, socks, shoes, and chemical resistant gloves (Butyl Rubber and Nitrile Rubber). Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove and wash contaminated clothing before reuse.

{For product packaged in ≤5 gal or ≤50 lb}

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. Harmful if swallowed. Do not get in eyes or on clothing. May be fatal if inhaled. Avoid breathing dust or fumes. Prolonged or repeated skin contact may cause allergic reactions in some individuals. Wear safety glasses, long-sleeved shirt, long pants, shoes and rubber gloves. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air, if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact CHEMTREC® at 1-800-424-9300 for emergency medical treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS**{For product packaged in >5 gal or >50 lb}**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

{For product packaged in ≤5 gal or ≤50 lb}

This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARD

Strong oxidizing agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion.

SPECIAL PRECAUTIONS**PLEASE READ BEFORE OPENING CONTAINER FOR THE PREVENTION OF PHYSICAL INJURY**

1. This product emits a powerful chlorine gas. Do not open container indoors: Hold away from face when opening to avoid breathing fumes.
2. This product is dangerous when not used properly:

MISUSE MAY RESULT IN SERIOUS PERSONAL INJURY REQUIRING HOSPITALIZATION, RELATED COMPLICATIONS AND MAY LEAD TO DEATH

Do not mix with any other chemicals. Mixing with other chemicals may cause a violent and instantaneous chemical reaction.

Do not add water to this product. Do not add this product to water in a pail.

Do not take advice from others.

Do not experiment.

Follow label instructions exactly.

PREVENTION OF PROPERTY DAMAGE: Contact between this product in its undissolved state and vinyl liners, painted surfaces or other property in or around the pool will result in permanent bleaching of color.

These tablets are manufactured with the most concentrated form of dry chlorine available today. They are consistent in size and slow dissolving in nature to allow you to reliably dose your pool once a week. These tablets contain cyanuric acid – a stabilizer that prevents ultra violet light from removing available chlorine from the pool. These tablets allow you to easily maintain proper chlorine residuals and help you to effortlessly produce beautiful, clean sparkling water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT HANDLE THIS PRODUCT WITH BARE HANDS. USE GLOVES OR THOROUGHLY CLEAN, DRY UTENSILS.

ROUTINE CHLORINATION: Adjust the chlorine dispenser rate of the floater or in-line feeder to provide 2.0-4.0 ppm of free chlorine residual as determined by a reliable test kit. The initial startup and weekly maintenance dosage is 1 to 3 tablets per 10,000 gallons although this dosage may vary due to unusual conditions, such as heavy bather loads, wind, heavy rains, and high temperatures; therefore, frequent use of a reliable test kit is recommended. Use the test kit as a guide to maintain the pH at 7.4-7.6 and total alkalinity at 80-130 ppm. Pool chlorinating tablets are intended for use in a floater or in-line feeder only. Do not add these tablets directly to the pool or mix with any other chemicals.

[SHOCK TREATMENT: Super-chlorinate or shock treat pool water as needed using your preferred [TropiClear] [brand name] pool shock product. Follow label directions of shock product.]

Reentry into treated swimming pools is prohibited above levels of 3 ppm of chlorine.

[HOW TO CALCULATE POOL CAPACITY

SHAPE OF POOL: GAL. OF WATER (Dimensions in feet)

Rectangular: Average depth X average length X average width X 7.5

Circular: Diameter X diameter X average depth X 5.9

Oval with straight sides: Full width X full length X average depth X 6.7

Irregular: Consult pool builder]

STORAGE AND DISPOSAL**{For non-household/non-residential use}****Do not contaminate water, food or feed by storage or disposal.**

Pesticide Storage: Keep this product in a tightly closed container, when not in use. Store in cool, dry, and well-ventilated area away from heat and open flame. Retie polyethylene liner after each use and keep container tightly closed. In case of decomposition or spill isolate container in open area if possible and flood with large amounts of water to dissolve all material before discarding this container in trash.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the EPA Regional Office for guidance. The disposal methods are incinerations or chemical treatment in accordance with Federal, State and Local regulations. DO NOT put product, spilled products, or filled or partially filled containers into the trash or waste compactor. Contact with incompatible materials could cause a reaction and fire. Neutralize material to a non-oxidizing state for safe disposal.

Container Handling and Disposal

Container Handling: Nonrefillable rigid container. Do not re-use or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

{For household/residential use}

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling, if available.
