PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER Corrosive Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or clothing. Do not breathe dust, vapor or spray mist. Irritating to nose and throat. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID

IF IN EYES Hold eye open and rinse slowly and gently with water for 15 20 minutes Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye Call a poison control center or doctor for treatment advice

IF INHALED Move person to fresh air If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to-mouth, if possible Call a poison control center or doctor for treatment advice

IF SWALLOWED Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING Take off contaminated clothing Rinse skin immediately with plenty of water for 15-20 minutes Call a poison control center or doctor for treatment advice

HOTLINE NUMBER Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact CHEMTREC® at 1-800-424-9300 for emergency medical treatment information

NOTE TO PHYSICIAN Probable mucosal damage may contraindicate the use of gastric lavage

ENVIRONMENTAL HAZARDS

{For product packaged in >5 gal or >50 lb}

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For quidance, contact your State Water Board or Regional Office of the EPA

{For product packaged in ≤5 gal or ≤50 lb}

This pesticide is toxic to fish and aquatic organisms

PHYSICAL OR CHEMICAL HAZARD

Strong oxidizing agent Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at temperatures above 437 F (225 C) with liberation of harmful gases. When ignited, will burn with the evolution of chlorine and equally toxic gases.

Never add water to product Always add product to large quantities of water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion.

IN CASE OF FIRE OR SMOKE Call the fire department Do not attempt to extinguish the fire without a self-contained breathing apparatus (SCBA) Do not let the fire burn Flood with copious amounts of water Do not use ABC or other dry chemical extinguishers since there is the potential for a violent reaction

IN CASE OF CONTAMINATION OR DECOMPOSITION Do not reseal container Neutralize material to a non oxidizing state for safe disposal

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling Read entire label and use strictly in accordance with precautionary statements and directions

This product is a powerful algaecide formulated specifically to kill and prevent problem algal growth in white plaster swimming pools. Not for use on vinyl, fiberglass, painted or colored plaster pool surfaces as discoloration or damage may occur

- 1 For best results adjust pool water pH to 7 2-7 8 and total alkalinity to 80-120 ppm
- 2 Keep swimmers and pets out of pool during entire treatment
- 3 Remove any items from pool including automatic cleaners and chlorine floaters
- 4 Shut off pool pump and brush all algae spots thoroughly
- 5 Broadcast **TropiClear Granular Black Algae Destroyer** over the algae spots You may use up to 2 pounds of product per 10,000 gallons of pool water
- 6 Allow pool to remain undisturbed for a minimum of six to eight hours
- 7 Turn pool pump back on, brush pool thoroughly and vacuum as needed
- 8 Depending on the extent of the algae, a second treatment may be necessary

Text in [] is optional

9 Do not re enter the pool until the chlorine level has dropped to 3 ppm as determined by a reliable test kit

Re-entry into treated swimming pools is prohibited above levels of 3 ppm (mg/L) available chlorine

[HOW TO CALCULATE POOL CAPACITY

SHAPE OF POOL GAL OF WATER (Dimensions in feet)

Rectangular Average depth X average length X average width X 7 5

Circular Diameter X diameter X average depth X 5 9

Oval with straight sides Full width X full length X average depth X 6 7

Irregular Consult pool builder]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

Storage Keep material dry and in a dry area. Store in original container where temperatures do not exceed 125 F (52 C) for 24 hours. Keep container tightly closed

Pesticide Disposal Pesticide wastes are toxic Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. The preferred disposal methods are incineration or chemical treatment in accordance with Federal, State and Local regulations.

DO NOT put product, spilled product, or filled or partially filled containers into the trash or waste compactor Contact with incompatible materials could cause a reaction and fire Do not transport wet or damp material

Container Disposal

{For non-household/non-residential use, plastic container without liner}

Container Disposal Nonrefiliable rigid container Do not re use or refill this container Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling, if available, or puncture and dispose of in a sanitary landfill, or by incineration.

Triple rinse as follows Empty the remaining contents into application equipment or a mix tank Fill the container ¼ full with water and recap Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or

disposal Drain for 10 seconds after the flow begins to drip Repeat this procedure two more times

{For non-household/non-residential use, plastic container with liner}

Container Disposal Nonrefillable rigid container Do not re use or refill this container Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling, if available, or dispose of liner in a sanitary landfill or by incineration. For outer container, triple rinse (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke

To clean outer container before final disposal triple rinse as follows. Triple rinse as follows. Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

{For household/residential use}

Container Disposal Nonrefillable container Do not reuse or refill this container Rinse empty container thoroughly with water to dissolve all material prior to disposal Offer for recycling, if available
