**DESCRIPTION**

CUT GERMICIDAL is a colorless, odorless, liquid concentrate formulated for use as a disinfecting cleaner in food processing establishments. It cleans by changing grease to water soluble emulsion.

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

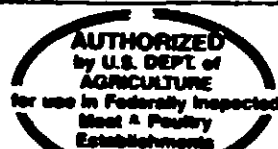

To clean and disinfect coolers, cutting blocks, packaging tables, nonporous food contact surfaces, floors, and equipment in food, meat, and poultry processing areas where grease, food, and oil films are present: first flush with water or scrape away all gross filth and heavy soil deposits. Then wash the surfaces thoroughly with a solution of 2 ozs. of CUT GERMICIDAL per gallon of water, wiping, mopping, or scrubbing manually with the solution. After washing, allow cleaning solution to work for 10 minutes and rinse with water.

Prepare fresh solution daily, or when use solution becomes visibly dirty.

**FOR PRESSURE WASHING:** Follow the procedure above for removing all gross filth and food deposits, then use the same 2 ozs. per gallon of water solution and allow solution to work for 10 minutes after application. Finally, rinse thoroughly with drinking water.
