DIRECTIONS

This product is designed for the control of common insects usually found in and around peanut shelling plants, elevators and where shelled peanuts are stored. Master Brand Mill Spray should be used for the control of the exposed stages of the (Indian Meal-Moth, Confined Flour Beetle, Saw-toothed Grain Beetle, Granary Weevil, Flea, and Bees) attacking peanuts.

Close all doors and windows and fill the space being treated with a cloud of fine mist, spraying freely towards the ceiling in all directions. Walls, bins and storage areas should be thoroughly cleaned and sprayed with a direct heavy mist. Observe sanitary measures that reduce insect breeding.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place.

Do not pour or spray toward an open flame. This product may be harmful if swallowed. Do not use on humans or animals, domestic or otherwise. Do not spray directly on shelled peanuts.

WARNING

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes, or clothing. Do not store near or contaminate feed or feedstuffs. In case of contact remove contaminated clothing, wash skin with plenty of soap and water; for eyes flush with water for 10 minutes and get medical attention. During application or reentry of treated areas, wear a full-face mask with black canister meeting the specifications of the U.S. Bureau of Mines for Organic Vapors, or an airline respirator.
