Madhu Mandava
Agent for Nissan Chemical America Corp.
Mandava Associates
1730 M Street, NW #906
Washington, DC 20036

Subject: Nissan D.C.C.Na
EPA Registration No. 37910-6
Application Date: September 26, 2003
Receipt Date: September 29, 2003

Dear Mr. Mandava :

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below :

- Revision to First Aid Statement in accordance with PR Notice 2001-1

Conditions

1. In the First Aid Statement, revise the ingestion route of exposure to read:

If swallowed:

- Call a physician or poison control center immediately for treatment advice.
- Have person sip from a glass of water if able to swallow.
- DO NOT induce vomiting unless told to do so by a poison control center or physician. Avoid alcohol.
- Do not give anything by mouth to an unconscious person.

2. For the dermal route of exposure, revise "Wash skin with plenty of water for 15-20 minutes" to read, "Wash skin immediately with plenty of water for 15-20 minutes."

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For Manufacturing, Repackaging or Reformulating Disinfectants, Sanitizers, and Algidides. Each repacker or reformulator must obtain his own registration for the Environmental Protection Agency to market their product.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals:

CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: Oxidizing Material. Avoid contact with combustible materials. Keep away from all sources of heat, flame, or sparks. At elevated temperatures (above about 325°F) a self propating thermal decomposition may occur with resultant irritating and toxic gases. In case of fire, flood with large quantity of water. In the event of contamination or decomposition, do not reseal container.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Retie polyethylene liner after each use and keep container tightly closed. Store in dry place. Do not allow water to get into container. Keep container off wet floors..

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging materials. Empty residue into application equipment. Then dispose of liner on a sanitary landfill or by incineration as allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
