N. Bhushan Mandava
Agent for Nissan Chemical America Corporation
Nissan Chemical America Corporation
10375 Richmond Avenue, Suite 1000
Houston, TX 77042

Subject: Notification per PRN 98-10 – Notification for Addition of NSF Certification logo
Product Name: NISSAN T.C.C.A.
EPA Registration Number: 37910-7
Application Date: October 6, 2016
Decision Number: 523097

Dear Mr. Mandava:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

In addition, this letter serves as notice that the current label contains statements and/or images that were inadvertently approved by the Agency during its previous review. Please submit a revised label amendment addressing the inadvertently approved items below within 60 days of receipt of this letter.

1. The Precautionary Statement should read as follows:
CORROSIVE: Causes irreversible eye damage and skin burns. Fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and was before reuse.
2. The routes of exposure must appear in the following order based on toxicity profiles: If in eyes, If on skin, If inhaled and If swallowed

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Melanie Bolden at (703) 347-0165 or via email at Bolden.Melanie@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda G. Fuller, for". The signature is cursive and fluid.

Demson Fuller, Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510P)
Office of Pesticide Programs

NOTIFICATION

37910-7

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

LORISO CYANURIC ACID, DRY
UN 2468

No. 23

NISSAN T.C.C.A

Active Ingredient

Trichloro-s-triazinetriene 99.5%

Inert Ingredients 0.5%

TOTAL 100.0%

Provides 90% Available Chlorine

KEEP OUT TOTAL OF REACH OF CHILDREN
DANGER

Certified to
NSF/ANSI 50

FIRST AID

- If in eyes:**
- Hold eye open and rinse slowly with a steady, gentle stream of water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a poison control center or physician for treatment advice.
- If swallowed:**
- Call a physician or poison control center immediately for treatment advice.
 - Have a person sip from a glass of water if able to swallow.
 - DO NOT induce vomiting unless told to do so by poison control center or physician. Avoid alcohol.
 - DO NOT give anything by mouth to an unconscious person.
 - Move person to fresh air.
- If inhaled:**
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably, mouth-to-mouth, if possible.
 - Call a poison control center or physician for treatment advice.
- If on skin or clothing:**
- Take off contaminated.
 - Wash skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or physician for treatment.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For Manufacturing, Repackaging or Reformulating Disinfectants, Sanitizers, and Algicides. Each repacker or reformulator must obtain his own registration for the Environmental Protection Agency to market their product.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals:

CORROSIVE: Causes irreversible eye damage and skin burns. Fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after hand ling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: Oxidizing Material. Avoid contact with combustible materials. Keep away from all sources of heat, flame, or sparks. At elevated temperatures (above about 325° F) a self propating thermal decomposition may occur with resultant irritating and toxic gases. In case of fire, flood with large quantity of water. In the event of contamination or decomposition, do not reseal container.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Retie polyethylene liner after each use and keep container tightly closed. Store in dry place. Do not allow water to get into container. Keep container off of wet floors.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Region 1 Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom loosen clinging materials. Empty residue into application equipment. Then offer for recycling if available or reconditioning if appropriate or, dispose of empty bag in a sanitary landfill.
